

Roofing Contractor In Fresno Gets Five Star Reviews

September 24, 2018

September 24, 2018 - PRESSADVANTAGE -

Fresno Roofing Pros, a roofing contractor in Fresno, CA, is proud to announce that they have been receiving five star reviews since they've started. They offer the different needs for roofing services, such as roof installation, roof maintenance, roof repairs, roof cleaning, garage roof repair, siding repair, and dormer window installation.

Ranvir Mahadew, CEO and President of the Fresno roofing contractor, says, "Roofing is what we live, eat and breathe, and if you want anything roofing done, then Fresno Roofing Pros is the one call you should make. We are happy to state that our efforts have been rewarded by our customers with the five star reviews they were kind enough to have the time to give us."

For instance, Sarah J. says, "After shopping around for the best deal to get our roof repaired, we chose this company based on the online ratings and testimonials. After receiving a quote we decided to go with them. After signing the contract the workers showed up 8 days later, as promised. After starting the work they found another underlying problem that had not been initially spotted. They gave us a quote and then went ahead and completed that work very well too. They cleaned up all their mess as they worked on the project and were very efficient with their time, and the roof looks great."

Sarah J. was talking about the high quality roofing inspections and repair services offered by Fresno Roofing Pros for both residential and commercial buildings. They are also available to provide emergency roof repairs, such as when the roof has been damaged by a storm. They are able to repair metal, shake, composition, flat, or tile roofs.

Meanwhile, Ari M. says, "We needed a new roof and business did a fantastic job from start to finish. My biggest worry was the mess that would be left behind, but it turns out I had nothing to worry about. They left it spotless! I would recommend them for anybody looking for roofing work."

Ari M. was talking about the new roof installation services provided by Fresno Roofing Pros for both commercial and residential buildings. The roofing contractor is capable of providing high quality, durable and affordable roofs in a wide range of colors. The fact that the crew did not leave a mess is part of the company's efforts to provide excellent customer service at all times.

As part of their service to homeowners and business owners, Fresno Roofing Pros has also published several articles on its website to provide them with vital information regarding roofs. These include how to choose a reliable roofing contractor for the home; five roofing problems usually encountered; and common ways that roofing contractors can fool homeowners and business owners and how to avoid them. Meanwhile, they have just established a YouTube channel, which can be accessed at <https://www.youtube.com/channel/UC192wk7vLsJjsdGFqM7Xlsw/about>.

Aside from the articles, Fresno Roofing Pros also has an FAQ section on its website. This provides answers to common questions of homeowners and business owners such as: whether to hire a roofing contractor or to do the work themselves; the best roof to use; how long it will take to have the roof replaced; how to clean the roof; and how long a new roof will last.

With regards to doing the work or not, Fresno Roofing Pros advises people not to do it unless they are a trained roofing professional. They also point out that most manufacturers of products that are used in repairing a roof will not honor the warranty unless the work was done by a licensed professional. Furthermore, working on the roof is dangerous work.

And regarding the best roof for a particular home or establishment, there is no one answer. An expert will have to inspect the home or establishment and make recommendations based on the roof design, budget, and the climate of the area where the building is located.

The management team of Fresno Roofing Pros ensures that the group of roofing professionals they send out to serve the roofing needs of homeowners and business owners in the Fresno area are able to meet the needs and expectations of customers. The management team is made up of Ranvir Mahadew as

CEO/president; Carl Hughson as sales director; Sarah Brookway as marketing director; and Tom Fairchild as project manager.

Those who want to get more information about the roofing services from Fresno Roofing Pros or who want to schedule a roof inspection, which is available for free, can contact them at the company website at <https://tecoconnectors.com> or through their phone number.
