

Appliance Repair Company Opens New Location In Pompano Beach

October 01, 2018

October 01, 2018 - PRESSADVANTAGE -

An appliance repair company in Pompano Beach, FL, is proud to announce the opening of a new location. The company offers fast repair of broken appliances in a few hours. They point out that they have made it their mission to provide speedy repair of appliances because these are essential for daily living activities, such as the refrigerator, oven, dishwasher, washing machine, dryer, and more.

Rocco Gregoria from the appliance repair company says, "We all depend on our appliances for our daily activities. Our refrigerators keep our food fresh, our washing machines and dryers ensure that we don't run out of clean clothes and our ovens allow us to prepare that delicious healthy meal for us and our families. A broken appliance is therefore an inconvenience. That is why we have established a new location in Pompano Beach so that we can ensure fast service for our clients."

Rocco adds, "One of the things that differentiate us from the rest is that we have no additional charges for our same-day services, and that means you won't be breaking your budget to have your appliances fixed as soon as possible. Not only that, but we offer one year warranty for our parts. We will also offer you a 90 day labor warranty."

All Stars Appliance Repair of Pompano Beach has a team of technicians with years of experience. They are professionally trained and are knowledgeable about the popular brands of appliances, such as Asko, Amana, Braun, Bosch, Electrolux, Dacor, Gaggenau, Frigidaire, GE Profile, GE Monogram, Kenmore, Honeywell, LG, KitchenAid, Miele, Maytag, Sub Zero, Samsung, U-Line, Thermadore, Whirlpool, Viking, and Wolf. They offer same-day service to ensure that the broken appliance would not cause too much inconvenience.

A broken appliance can be very irritating. For instance, if the refrigerator breaks down, all of the food kept in there may spoil if the fridge is not repaired in due time. A broken washing machine or dryer means that the family may run out of clean clothes to wear if they are not repaired in time. The alternative would be haul all of the dirty clothes to the laundromat, which could be very inconvenient. This can affect practically every member of the family because clean clothes are important in everyday activities. If the oven breaks down, meals cannot be prepared and the family may have to resort to meals from the convenience store.

It is often the case that people take their appliances for granted, that is until they break down. For instance, if the refrigerator breaks down, the family won't be able to keep any ice cream in the freezer. And there would be no cold water to drink, which is really inconvenient in a location with a hot climate like Florida. And then all those frozen foods start to thaw and everyone becomes painfully aware of the possibility that all of that food may spoil and may be wasted. All Stars Appliance Repair of Pompano Beach is well aware of this, that is why they offer their clients with a three hour appointment window. Plus, the technician makes a call 20 minutes before arriving so that the broken appliance can be readied for repair.

In the case of the oven or stove, when they break down, all of a sudden the family realizes that they are unable to enjoy a delicious meal that they can cook themselves. They would have to depend on ready-to-eat meals, which may not likely be as delicious and affordable as home-cooked meals. Thus, prompt repair of the appliance is needed, which All Stars Appliance Repair of Pompano Beach is ready to provide.

A broken dishwasher will cause people to resort to washing dishes by hand. For those who are very busy, this is intolerable. And when the washing machine breaks down, people may find themselves washing clothes by hand or rushing to the laundromat, which requires more time than most people can tolerate. The same is true with a broken dryer. Without it, it may take hours for the clothes to dry. That is why All Stars Appliance Repair of Pompano Beach has added a new location. It makes it easier for their technicians to reach the different homes in Pompano Beach that require appliance repair.

With the new location in Pompano Beach, All Stars Appliance Repair of Pompano Beach would be able to respond even faster than before to any call for emergency appliance repair.
