June 27, 2015 - PRESSADVANTAGE -

Hoot's Naturals of Spring Hill, TN, whose stated goal is to aid beard growers in their quest to grow the perfect beard, are pleased to announce that their best selling beard softener is now back in stock. Having previously sold out twice before due to overwhelming demand, the 5 star beard softener immediately doubled down on production and are now able to meet their customers needs.

Hoot's Naturals believes that "beardlyness is close to majesty," and as a result, Hoot's Naturals Beard Balm was created. Targeting the growing number of men who sport beards in all lengths and shapes, Hoot's Naturals Beard Balm is a men's personal care product that is full of pure manliness.

Beard softeners and conditioners are slowly getting the attention these days, thanks to the many men who have chosen to devote their time and energy to grow facial hair. Hoot's Naturals Beard Balm is 100% organic and boasts of all-natural ingredients.

Hoot's Naturals Beard Balm is made from earthy herbals to ensure a healthy, glowing, and lustrous beard. Organic beeswax is the product's base. Grape seed oil, jojoba oil, hempseed oil, argan, rosemary extract,

and Murumuru butter are added. These ingredients keep beards moisturized, and make them softer with every use. Vitamin E is also added to give beards volume for it to have a fuller feel.

While there are a lot of competitors in the market, Hoot's Naturals is slowly climbing up the charts, as told by the many satisfied customers on the product's Amazon page. One beard oil review from Amazon customer Shaun says "the search is finally over." He then continued to give Hoot's Naturals Beard Balm an awesome review. "Last week, a coworker recommended Hoot's Naturals Beard Balm to me so I decided to give the beard balm industry one last shot." Then, Shaun's kicker: "I opened the can, and when Hoot's Naturals hit my skin 'Heaven Isn't Too Far Away' by Warrant started playing in my head. After using for a few days my beard is super soft, and for the first time, comfortable. I'd highly recommend this to anyone looking for a solid balm," shares Shaun. Women are raving too, after they purchase Hoot's Naturals for that special bearded man in their lives. Another review from Amazon customer Angela finds the product outstanding. "I got this for my husband and he has been using it for a month. I have to say that his beard is very soft and no more wild hairs sticking out everywhere. We're very happy!"

Hoot's Natural's Beard Balm currently holds a 4.8 out of 5 rating on Amazon. Hoot's Naturals Beard Balm aims to keep its impressive streak going and keep the numbers rising through favorable word-of-mouth selling, strong product placement, and promotions. Based on favorable customer responses, high Amazon customer reviews, and positive feedback, it looks like Hoot's Naturals is about to get there.
