Houses For Sale In Sarnia, One Of The Best Places To Retire In Canada

October 10, 2018

October 10, 2018 -
Sean Ryan Real Estate Team (The Ryan Realty Group) in Sarnia, Ontario, are happy to relay that Sarnia was voted among the 100 best places to retire in Canada. This was indicated in Canada's Best Places to Live ranking for 2018. Sarnia was among 100 cities on the list.

Sean Ryan himself says, "Those who are planning to retire will find Sarnia to be very suitable for the peace and quiet that they may be craving. Sarnia is actually a medium sized city but it has a small town feel. Thus, it provides that relaxed and peaceful atmosphere but the conveniences of modern living are close by. Furthermore, it has one of the warmest climates in Canada with summer temperatures that are a bit cooler compared to other parts of Southwestern Ontario while having winters that are mild and short with only a minimal snowfall."

Being a long-time resident of Sarnia, Sean is very familiar with the city. He takes pride in being able to help people in the community with their real estate needs. He says, "This city enjoys a broad economic base coupled with residential areas full of affordable living opportunities. With expansive waterfronts, extensive parks and walking trails, country dwellers will feel more than at home in this peaceful city. Sarnia's close-knit

community boasts a vibrant culture; with arenas, sports fields, golf courses, theatres, galleries, eateries, events, and our local first Friday tradition, Sarnia dwellers have packed social calendars."

Sean provides a Sarnia property website containing a listing of residential homes in the city and nearby areas that are available for sale or lease. He believes that those who are retired or are planning to retire will find this listing to be helpful for them when they look for a place to live in.

Sean Ryan takes pride in being capable of offering quality service as evidenced by the reviews left by previous clients. For instance, Tiffany S. says, "Sean was our real estate agent for our first home and recently with our second home. He was committed and dedicated to finding us our "perfect home" and spent as much time as we needed to ensure we found it, in both homes. He met with us and discussed every little detail and provided us with information with any concerns and/or questions we had. He is professional, down to earth and realistic."

Meanwhile, Riley H. says, "Sean Helped us with the selling of our home and the purchasing of a new home. Sean's marketing strategies helped to sell our home in 2 weeks. It was a stressful time but Sean's communication throughout the whole experience was excellent. I would recommend Sean to anyone looking to sell their home. The purchase of our new home went smoothly. Sean was very professional and approachable. He answered all of our questions and definitely went above and beyond to assist us."

Also, Sean and his team point with pride to the five star rating that they have on their Google Maps page. For instance, one of the clients who gave five stars for the realtor is Dean B. He says, "Love working with Sean. He's on The Cutting Edge of technology. Always looking for the new and great ways to help promote his clients properties. [...] If you're considering an agent based on their ability to market your property, don't just accept that they have a Facebook page and a website, Google them."

Sean Ryan has deep roots in Lambton County and has extensive knowledge about Sarnia and the surrounding areas and communities. He has more than 10 years experience in real estate buying and selling. He has extensive experience in residential real estate and investment properties including new home construction, rehab projects, and income producing projects. He is assisted by Holly Miller, who is a sales representative and client care coordinator, and Hilary Hogarth-Ryan, who is a sales representative and marketing/advertising representative.

Aside from providing listings on their site, they also provide various informative reports. These include the industry reports on "Nine Buyer Traps and How to Avoid Them", "Stop Paying Rent and Own Your Own Home" and the report listing the current foreclosure properties based on location and desired price range.

Those who need more information about living in Sarnia and/or the residential properties there can visit their

website or their Google Maps page. People may also want to visit their social media pages on Facebook, LinkedIn, Google+, Tweeter, Pinterest, and YouTube.
