

Nicola Di Lucca Beauty Releases How To Reduce Cellulite Information On YouTube

July 01, 2015

July 01, 2015 - PRESSADVANTAGE -

Nicola Di Lucca Beauty, a health and beauty business in Portland, Oregon, have today release a new video explaining cellulite and how to get rid of it. The video promotes the Nicola Di Lucca Beauty cellulite massager, which is available exclusively on Amazon. It is hoped that the video will assist more people in using the massager properly and finally getting rid of cellulite.

"80% of women currently have cellulite and 100% of them would like it better if they didn't", says Tony Wilson from Nicola Di Lucca Beauty. "It is most commonly found on the butt, arms and thighs. By eating a proper healthy, nutritious and balanced diet, by exercising properly and by using our massager, women can learn to control, reduce and even eliminate cellulite. Our new video explains exactly how this can be done."

By massaging areas affected by cellulite with a massager such as the one created by Nicola Di Lucca (information is available on <http://therapyone.com.au/ers/massager>), the fatty deposits are broken up and the lymph is stimulated. Cellulite is stored in the subcutaneous area of the skin, which massaging is able to reach. By breaking up and softening the fat, waste products and toxins are released and flushed out of the body by the lymph system. This is what the massager is able to do.

Essentially, the massager is designed to remove, reduce and smooth the skin, thereby helping in the reduction of cellulite, as well as the prevention of the appearance of new cellulite. The massager can be used on every part of the body with ease, as it comes with an easy grip handle. It also helps to tone and exfoliate the skin leaving it looking youthful, healthy and radiant.

The product has been available on Amazon for some time, where it has received numerous positive reviews. "LOVE IT!", says Eaglover. "I have these huge thunder thighs that need a little extra attention because baby this summer the cellulite is going bye bye! I love to use Nicola Di Lucca Anti Cellulite massager with a cellulite cream to massage the dimpled areas that are unflattering to me. This literally takes 2 minutes to work in the areas and help to work its magic."

The massager also comes with a full 9 month replacement or money back guarantee. Customers also receive a bonus instructional video, which gives step by step instructions on how to best use the product, just as the one that is now readily available on the company's YouTube channel. Customers are encouraged to use and follow the instructions contained in that video, as they have been designed by a practicing massage therapist who has 16 years experience. As such, they will be able to experience the best possible results. Finally, the product comes with a guide on the science behind cellulite and how to get the best results in terms of removing it.
