October 12, 2018 - PRESSADVANTAGE -

Pensacola, FL- As the temperatures start to cool, new flowers start to bloom. Local and reputable Pensacola florist, KellyCo Flowers and Gifts is unveiling their new seasonal arrangements for the upcoming Autumn season. The well-known business specializes in creating arrangements for any occasion using fresh flowers from the Gulf Coast area.

The floral industry has grown exponentially within the past years. According to experts on the subject: the present day floral industry is a dynamic, global, fast-growing industry, which has achieved significant growth rates during the past few decades. In the 1950s, the global flower trade was less than US\$3 billion. By 1994, it had grown to US\$100 billion. In recent years, the floral industry has grown six percent annually. With so many options available, a local family owned business with an upstanding reputation means a lot to the greater Pensacola area.

"It means a lot to us that we can provide our customers with local, beautiful flowers and arrangements. We take pride in creating custom, unforgettable bouquets and being able to showcase the fall flowers is an opportunity we never pass up on," stated owner Michal Paris.

Seasonal arrangements and Fall themed Pensacola gift baskets allow customers to create custom bouquets that are made using seasonal flowers that most chain stores do not have access to. The new arrangements will feature the colors brown, orange and yellow, with small details of autumn throughout. Sunflowers, Sugar Maples, and Roses are also featured in the collection to round out the Fall theme.
