

ORU Announces Prescription Medication Savings up to 70%

October 16, 2018

October 16, 2018 -

Orlando, FL - October 15, 2018: The ORU Benefit Network announced today the introduction of even more aggressive savings and discounts included in the HealthRX program for their members. The ORU Prescription Savings program is being provided to ORU members and their families to help lower their prescription drug costs significantly. ORU has further simplified the process of getting these benefits by creating a Prescription Drug Card that immediately qualifies ORU Members for savings up to 75% (discounts average roughly 30%) at more than 68,000 national and regional pharmacies. The ORU HealthRX card can be used as a primary plan and/or it can be used on prescriptions not covered by insurance plans.

ORU Members can check pharmacy locations in their area and use the real time prescription medication pricing engine to compare pricing and get the best discounts possible. The ORU HealthRX card can be printed, emailed and even texted on a smart phone. One of the exciting features of this program is called Guaranteed Price Logic, to guarantee that members get the best deal on their prescriptions meaning they pay the lower of a discount off Average Wholesale Price, discount off MAC Pricing or Pharmacy Promotional / Retail pricing. Truly an amazing benefit for ORU members, representatives from the network say. For more information about ORU HealthRX go to www.orunetwork.com/oru-healthrx.

Nick VandenBrekkel, Founder of the ORU Network stated: "The ORU HealthRX benefit is yet another way by which we continue to enhance the quality of living for our members. Prescription medication costs continue to rise each year and for most people, getting basic and necessary prescriptions for themselves and family members is becoming more and more expensive. Through ORU HealthRX we try to offer benefits that will help reduce the financial stress associated with the purchase of sometimes life saving medications."

About ORU

The ORU Network is a private benefit and lifestyle organization with members in over 88 countries around the world. It offers a wide range of benefits to its members for an affordable monthly membership fee of \$5.95. Benefits include tools and capabilities that ORU members use every day to enhance and improve the quality of their lives such as a marketplace for products, services and businesses, a dedicated communication platform including telephone, video, conferencing, secure chat, file sharing, social networking and more. A prepaid debit card is included in the membership with direct deposit capabilities and global ATM access. ORU also operates its own travel network called ORU Travel, providing members with significant discounts and savings in hotels, car rentals, air travel, cruises, excursions, transportation services, destination attractions and an exclusive member travel concierge.

ORU is the world's first transactional network that actively pays its members for their participation through an experience called: ORUScore. To learn more about these and other features visit <https://www.facebook.com/orunetwork>.
