

Oven Mitts Company SMM Group, LLC Celebrates Two Year Anniversary

July 03, 2015

July 03, 2015 - PRESSADVANTAGE -

Mike, spokesperson for SMM GROUP, LLC, has announced that they are celebrating their two year anniversary of being in business. The company has built a name for itself selling high quality oven mitts through their Amazon storefront.

"We are very excited with the new milestone that our company has reached, and we would like to thank all of our customers for supporting us by purchasing our products and leaving feedback through Amazon. Every bit of information helps us to provide the best shopping experience for our shoppers, and we are sure that the following year is going to be just as exciting", said Mike.

One of the Company's most popular products is their Grill Heat Aid oven mitts. Currently, SMM GROUP, LLC has already received over 1200 positive customer reviews on their oven mitts. One customer had the following to say in their review: "I purchased these gloves after I attended a professional cooking seminar and saw the chef using a pair. They are terrific, fit well and are lightweight so you actually can use your hands properly while handling hot items. I've not tested them for cold handling, but imagine they perform similarly. The company who makes them is very customer oriented, following up with instructions on maintaining the

gloves."

The Grill Heat Aid oven mitts are currently sold in two sizes, which are One Size and Lady Small Size. Besides being lightweight and flexible, the gloves are EN407 certified and can be safely used on open flame grills as well. Another customer wrote the following review on Amazon: "Still loving my Revolutionary Extreme Heat Resistant gloves. They were the perfect fit (small) and so much more comfortable and manageable than a mitt. Not only do I use them for grilling but I use them in the kitchen with my cast iron skillets and more. Thanks, I recommend them for all heat related cooking utensils."

During the last two years in business, SMM GROUP, LLC has used Amazon as their e-commerce platform of choice. "For any business to be successful online, they need complete trust from their shoppers, and Amazon is one of the leaders in this area. When shoppers think of Amazon, they think of a safe environment to buy their products, and they know that their products will always be delivered to them on time. As a fulfilling service, we feel Amazon is one of the best out there, so it only makes sense to use them to sell our Oven Mitts", stated Mike.

For those who would like to get more information on the Grill Heat Aid oven mitts, they are urged to visit the company's Amazon storefront as well as the Facebook page of Grill Heat Aid. SMM GROUP, LLC stated that their goal is to continue providing their customers with the best shopping experience possible, and one way in which they feel they are already making this happen is through their 100% money back guarantee and free no hassle lifetime replacement policy. The company said that they are looking forward to another successful year in business and will continue to do whatever it takes to give their customers an excellent shopping experience.

SMM GROUP, LLC

It is the foresight and the understanding about the necessity of having the right gloves while grilling which forced the SMM Group, LLC to introduce Grill Heat Aid in the market.
