

McLean Roofing Company Receives Testimonial

October 17, 2018

October 17, 2018 - PRESSADVANTAGE -

Roofer 911 and Steven Briesemeister are pleased to announce the publication of a new testimonial video from a happy and satisfied customer. When the McLean roofing company receives testimonial video offerings from customers, it reinforces the positive image that the firm has in the community. The company is proud to post all reviews, and is even prouder that the hard work and dedication to professionalism and craftsmanship has earned the 5-star rating. On October 4, 2018 a glowing top-rank testimonial was completed from Sean S. Those interested can view the video at <https://www.youtube.com/watch?v=mB-dFbx-sXY>.

Customer Sean S stated in his review of the company, "I had a roof leak in a recent heavy rain storm. Steve was extremely personable and agreed to come out the next morning. He arrived promptly when he said he would, located the source of the leak and had the work completed by his crew later that day. Simply phenomenal customer service. Roofer 911 gets my highest recommendation."

Every roof, irrespective of the quality will eventually come to the point of needing more than roof repairs. Roofing materials age and deteriorate over time and a roof replacement is important to plan for. Protecting the investment in the residence or other structure is crucial to moving ahead on a sound financial footing. Replacing a roof can require a substantial outlay, but a houseful of ruined furnishings and the structure itself will be even more costly.

Steven Briesemeister says, "When your only alternative to protect your investment is to install a new roof, our job is to make the transition as easy as possible for you. There is a plethora of choices in roofing materials, making your many options sometimes overwhelming. Our job is to help you through the process of narrowing down the number of choices, based on your preferences for aesthetic appeal, weather-resistance, energy efficiency and cost."
