Local attorney, Family Lawyer Manukau, recently became a member of the Collaborative Auckland Board of Directors. Collaborative Divorce Auckland is a national organization of attorneys, mental health and financial professionals that is dedicated to helping couples and families resolve their divorce and children's issues in a less destructive process than the litigation process.

Family Lawyer Manukau is monitored by Auckland Legal Specialization in family law. His office provides divorce services including collaborative, mediation and litigation, as well as probate and guardianship-related matters in Manukau, Auckland and New Zealand.

The Law Office of Family Lawyer Manukau achieves a tiered ranking signaling a unique combination of quality law practice and breadth of legal expertise.

"It is an honor for my office and my staff to be recognized by NZ News and Auckland Report as one of the best law firms in the country," said David. "My goal has always been to provide very personal care and representation for each of my clients."

The 2018 rankings are based on the highest number of participating Law Firms and the highest number of client ballots on record. To be eligible for a ranking, an attorney must be listed in The Best Lawyers in Auckland, which recognizes the top 4 percent of practicing attorneys in the NZ.

For eight years now, we have published our rankings of individual lawyers, says Steven, CEO and co-founder of Auckland Lawyers. This year they reviewed 1,800 law firms across New Zealand and across 32 practice areas, for a total of 89 receiving a national ranking.
