

# Minnesota Company Now Offering Car Keys Service In Twin Cities

*November 05, 2018*

MINNEAPOLIS, MN - November 05, 2018 - PRESSADVANTAGE -

The Key Guys in Minneapolis, Minnesota has announced that they are now offering their car key services to all of the Twin Cities. The company states that their service area now includes St Paul and its suburbs as well as their home town of Minneapolis. The company offers a range of services including replacement of car keys and others.

Bryan Nystrom, a representative for the company says, "We have a fleet of vehicles that can travel to you anywhere in the Twin Cities region and help you out when you lose your keys. We know how frustrating it can be to lose your keys and that is why we are here to help."

Nystrom says that the company provides locksmith services around the clock, day and night, weekends and holidays. He says that one simple call will get a professional technician on their way to the consumer to replace that key that has been lost. He says that they offer car key replacement for all makes and models, even those newer cars that require specialty keys in order to operate.

"Vehicle manufacturers are always changing the game," Nystrom says. "They have developed these specialty keys for newer cars and trucks that many locksmiths cannot duplicate. We can. And we can do it quickly for you so that you don't have to worry about waiting and you never have to worry about calling a tow truck when you lose your keys again."

The company says that they have years of experience in providing duplicate car keys for those who have lost theirs. Nystrom says that whether a customer has inadvertently locked their keys in their car or have lost them altogether, his team can help to open that car door, get a replacement key ready and send the customer on their way. Nystrom says that these mobile services are very beneficial to customers and states that they are now expanding their service areas to help those in the outlying areas around Minneapolis. Nystrom says that the company is pleased to have earned such a stellar reputation, to the point that they can now offer their services to customers outside of their hometown. He says that the entire staff is pleased to be able to help customers in these new service areas and says that while they have not decided on officially

expanding into even further areas outside of Minneapolis, they are always considering additional service areas for Minnesota customers.

The company has gained a number of positive reviews for their key replacement services over the years and those reviews can be seen on their official website as well as on various online review sites such as Yelp and many others. The company states that their company website also offers valuable information via a variety of blog posts that cover a wide range of topics, all related to key replacement, security and more. Those who are interested can view the company's blog on their official company website.

The Key Guys was founded in 1988 and has been serving the Twin Cities region since. Nystrom says that they not only serve individual customers but states that many car dealerships and service management departments have relied on them over the years to produce duplicate keys for them as needed. He says that dealerships have been calling on them for years to provide replacements for lost or stolen keys as well as to repair broken keys, provide a backup or second key and to remove keys that have been broken off in car locks or ignitions. He says that they can provide programmed keys, replace batteries in newer key fobs and offer a number of additional vehicle related services, as well.

The company says that those who would like more information about any of the services that they offer can visit them on their official website to learn more. The company offers a look at the wide range of services that they offer in addition to more information about their new service areas and their history in the Twin Cities area. Nystrom says that anyone who has questions about the range of services that they will be offering in these new areas can contact them directly or visit them on their website for a complete listing. Those who need key replacement due to lost or stolen keys or any other service provided by The Key Guys can visit them online to schedule a quote or contact them directly for emergency services.
