November 02, 2018 - PRESSADVANTAGE -

Information Management & Securities, LLC (IMS), a document management company based in Mexico, MO, has announced that they are continuing their growth with the addition of a Director of Sales to their team. IMS has hired Doug Comerio as their new Director of Sales. Comerio is responsible for developing, promoting, and executing the strategic plan to achieve sales targets to expand the IMS customer base. Comerio will also take on the responsibility to build a full IMS sales team.

Vince Fuemmeler from IMS says: "Doug has an abundance of sales and leadership experience behind him. With his personality and drive to succeed, we believe he will be a huge asset to our team, as well as the future expansion of IMS."

Prior to joining IMS, Comerio spent 13 years in the HVAC Industry, primarily focused in sales, which included roles as Account Manager and Regional General Manager. Prior to the HVAC industry, Doug worked for Enterprise Holdings in St. Louis for 12 years. Those interested in receiving more information about Doug Comerio can view his LinkedIn profile.

Comerio is a native of Missouri where he attended Chaminade College Prep and Missouri State University. He and his wife Katie reside in Ballwin, MO with their five children. In his spare time, Comerio enjoys spending time with his wife and family, especially watching his kids play soccer and competitive sports. Comerio is also an avid St. Louis Cardinals and Blues fan.

Doug says ?I am a believer that challenges make life interesting, but overcoming those challenges makes life meaningful. I am very excited for the next phase in my career and building on the accomplishments that IMS has made over the past 10 years.?

IMS offers document scanning, document storage, and document shredding services. They also offer a full suite of software solutions for building an efficient business workflow. Those solutions include business process management, such as moving critical records from paper files to electronic storage. They also offer disaster recovery backup, document management, and business process automation.
