

Kansas Car Accident Lawyer Paul Hogan Releases Second Book

July 08, 2015

July 08, 2015 - PRESSADVANTAGE -

Paul D. Hogan, a lawyer with Law Center for Car Accident Injuries in Wichita, KS, has just released his second book. The new book by the Kansas car accident lawyer, *7 Highly Effective Steps To Get The Money You Deserve When You've Been Badly Injured in a Kansas Car Accident*, is designed to give more people advice, information and guidance to getting the legal help they need after an accident that wasn't their fault. It is hoped that the publication will enable more people to get the compensation they deserve.

"I lost my own mother to a car accident," says Paul Hogan. "This happened just before I was to take the bar exam. I understand the emotions and difficulties when an unforeseen event like a major injury accident, or a fatality, upsets one's life or their families lives. Now I dedicate my Law Practice to helping those whose lives have been upset. I help them obtain monetary compensation for their losses without having to get frustrated and angry over dealing with insurance company paperwork, policies, and rules."

The second book is available as a free download from Paul Hogan's website. Additionally, Hogan wants to ensure people can come to him for questions and advice, whether they are hiring him to represent them or not. This is why he also has a comprehensive Facebook page, on which people can ask questions, share

stories and more. This page also makes it very clear that the sole focus for Hogan's law practice is to deal with people who have suffered a car accident. "Our law practice is limited to helping people who have been injured in a vehicle accident," adds Hogan. "Because of our experience in these types of cases, we have processes designed exclusively for helping our clients get fair and fast compensation for their injuries."

The Law Center for Car Accident Injuries believes in being proactive on behalf of their clients. This is one of the things that the book highlights as well: the importance of finding legal representation that will actually serve the needs of their clients first and foremost. It describes the seven essential steps that anybody who has been involved in an accident should take, enabling them to not just be compensated, but to be compensated both fairly and quickly.

Hogan, as his Avvo profile shows, has many years of experience in the field of car accident compensation law. He also offers a 90 day 100% satisfaction guarantee with his services. People are encouraged to download his book to familiarize themselves with his book.
