

AAA Corporate Car and Limo Stresses Benefits Of Car And Limo Service

December 18, 2018

December 18, 2018 - PRESSADVANTAGE -

AAA Corporate Car and Limo, based in Houston, TX, wants to stress the benefits of their limo and town car service and airport transportation service for Houston and surrounding areas. They offer a variety of car transportation services for various uses, such as for corporate events to outings for leisure, and for transportation between any local airports, and limo services to restaurants and hotels.

Josef Khanoyan, founder of AAA Corporate Car and Limo, says, "We cater to weddings, private car service, black car service, party buses, and so much more. AAA Corporate Car and Limo Service has been in business since 1997 and has revolutionized the limo and car service."

Josef adds that their chauffeurs have been carefully chosen to ensure that they are bilingual, experienced, drug tested, licensed by the city of Houston, and professionally dressed. Their fleet of limousines and sedans are all fully licensed, insured, well maintained, and clean.

Josef also points out that customers have been expressing their satisfaction with the limo service Houston residents can depend on with five star reviews. For example, Tina L. gave them five stars and said, "Highly

recommended to international students. AAA knows how to get things done in the best way. I order a midnight out of town trip which picked us up at the airport and sent us to our apartment. Couldn't be more satisfied with their service. The driver was on time, polite, and helpful. The car was tidy and spacious. I felt safe and comfortable. We managed to fit two people, four hold luggage, and two hand luggage in one sedan."

Likewise, Brandon L. gave the service a five star rating and said, "Had a great time yesterday with our Limo service. AAA Corporate Car and Limo helped myself and my client out for a momentous occasion. My client is terminally ill and had always wanted to experience a limo ride. AAA was able to facilitate this dream and help my client to enjoy an amazing evening out. Thank you again for your amazing service and making a memorable experience."

One of the key services provided by AAA Corporate Car and Limo is transportation to and from one of the airports or cruise ship terminals in Houston, such as the Houston Hobby Airport, George Bush Intercontinental Airport, Private Jet Airports, and Galveston Cruise Ship Terminal. Because of this service, clients are able to avoid the stress and expense of paying for long-term parking, or the hassles of waiting for a rental car. Josef Khanoyan says, "When traveling, no one wants to have to worry about the extra details of securing reliable airport transportation or navigating unfamiliar territory, when surely, they have somewhere to be or a vacation to enjoy!"

AAA Corporate Car and Limo also provides city tours in various cities in Texas. The cities include Alvin, Bellaire, Baytown, Clear Lake and League City, Bryan, Dickinson, Deer Park, Galveston, Galleria, Huntsville, Humble, Magnolia, Lake Jackson, Museum District, Montrose, Rosenberg, River Oaks, Stafford, Spring Branch, Texas City, and Sugarland.

AAA Corporate Car and Limo has a wide range of limousines for its corporate limo fleet. These include the Cadillac XTS, Town Cars & MKS, SUVs like the Chevrolet Suburban LT, vans like the Sprinters Battisti Custom Executive, Sprinter Limousine, Mercedes S550, Cadillac Escalade ESV, Limousines such as the Lincoln MKT, Stretch SUV Limousine, the mini bus Grech Motors Executive 28 Passenger, and the luxury bus Grech Motors 36 Passenger.

Still another important service provided by AAA Corporate Car and Limo is the wedding limo service. Josef Khanoyan says, "As you search for a limousine service to handle your wedding day's transportation needs, look for one that will offer you with more than just a ride. Our Professional Chauffeurs in informal dress will assist you throughout the course of the day until you arrive at the wedding reception."

And for those who are planning a memorable night out on the town, AAA Corporate Car and Limo allows customers to enjoy the night without having to worry about looking for parking or who will drive. Whether going out with friends or taking someone special out on a date, customers have their own personal limo that

is driven by a courteous and professional chauffeur.

AAA Corporate Car and Limo is a family owned company that was established by Joe Khanoyan in 1997. The company started as a single car operation but even as they expanded, they maintained their commitment to quality service every time.

Those who need more information about the car service Houston residents can trust may want to visit their website or contact them by phone.
