

Dr. Montgomery Accredited AACD Fellow

December 13, 2018

December 13, 2018 - PRESSADVANTAGE -

Montgomery Dental Care is based in Woodbury, MN and is owned and run by Dr. Marc L. Montgomery. He is regarded by his peers as a top cosmetic dentist in the Twin Cities, in Minnesota, and nationally.

After graduating from the University of Minnesota in 1986, Dr. Montgomery established his practice in Woodbury. Going far beyond what is specified, he averages 4-5 times the amount of continuing education required by the Minnesota Board of Dentistry, and patients benefit from his extensive background in aesthetically-based restorative dentistry and orthodontics.

The company's website states, "Dr. Montgomery has an unending passion for helping patients get the best dentistry has to offer. If needed, he provides seamless dental services by coordinating patient care with other top specialists in the area the very same day. The Montgomery Focus is on every individual patient, in the attentive care they get and the details of the work."

Dr. Montgomery's emphasis is on providing top-notch cosmetic-oriented comprehensive dentistry for the whole family. He is an accomplished Accredited Fellow member of the American Academy of Cosmetic Dentistry (AACD) and only one of 80 Accredited Fellows worldwide and one of three in Minnesota.

Dr. Montgomery has received 17 awards with AACD Smile Gallery Competition. He has been involved in several dental extracurricular roles including serving as past President and 12-year board member of the Minnesota Academy of Cosmetic Dentistry; past board member of the AACD ethics committee; volunteer with the AACD Give Back a Smile Program; lecturer for multiple Minnesota dental organizations, and has published several well-read dental case studies.

Board members of the AACD ethics committee are required to adhere to a high moral and ethical dental standard. In addition, they are supposed to demonstrate the skill of sometimes making unpleasant or difficult decisions in a fair manner with a strong sense of "right & wrong", as needed. These qualifications are a natural for Dr. Montgomery, as they are core to his personal integrity and nature.

This year Dr. Montgomery was voted a Mpls.St.Paul Magazine Top Cosmetic Dentist for the ninth consecutive time. "I'm honored to be included in this group of highly respected colleagues," says Dr. Montgomery. More recently, he has been voted Top Dentist 2016, Top Dentist 2018, and Top Dentist for 2019.

Montgomery Dental Care's office is located at 8380 City Centre Dr., Ste. 130, Woodbury, Minnesota 55125. Call today to receive a complimentary consultation with Dr. Montgomery to get answers to dental concerns or questions. 651-738-1880
