

Roofing Company Receives Testimonial

November 13, 2018

November 13, 2018 - PRESSADVANTAGE -

12-November-2018, McLean VA - Roofer 911 and Steven Briesemeister are pleased to announce an additional confirmation of the quality of their service, thanks to a new review video which was published on November 5, 2018. When the McLean roofing company receives testimonial video from a customer, it means they have a happy and satisfied customer. 5-star reviews show other potential customers that the company has quality products and craftsmanship. Roofer 911 appreciates it when customers take time to tell the world that they like the experience they received. The video is posted at https://www.youtube.com/watch?v=0pxLI_OnqG0.

According to Steven Briesemeister, "We help you with the choices which are necessary when your roof needs repairs or replacement. There are dozens of roofing materials which will provide good coverage for your home or business. There is no need for you to be overwhelmed. The testimonial videos and reviews which our customers post speak positively about our assistance in choosing and installing new roofs. We also do many repairs, matching or blending the existing roof."

"In most cases," he continued, "we arrive early in the morning and have your new roofing materials in place by the end of the day. It may take longer if you have extensive structural damage or black mold issues from years of water leaks. It is our responsibility to make sure your roof will last for the long-term. We take care to

replace rotted materials and ensure you have adequate attic ventilation."

Some of the decisions which must be made during the process of roof replacement include appearance, weather-resistance, budget and energy efficiency. It is important that customers feel confident about the workmanship provided by Roofer 911 and comfortable with the process.
