

## **Pensacola FL Quilt Shop Sewing Tables**

*December 13, 2018*

December 13, 2018 - PRESSADVANTAGE -

Quilters in Pensacola will find everything they need in one quilt shop; Martelli is the one place for quilters to purchase tools, materials, threads, and notions.

Martelli truly does have everything for quilters all in one convenient place. From scissors to lights, marking pencils to pencil lead refills, all quality products at reasonable rates; including, Sewing Tables in Pensacola FL.

All quilters from beginner to advanced need certain tools and notions that will help make quilting easier and more joyful.

According to Martelli Enterprises quilters need a variety of scissors, such as ones for cutting material, ones for snipping thread, and ones for trimming. The reason for a dedicated pair of scissors for each thing is dual purpose: one, the length of the blades will depend on what the scissors are being used for, and two, using scissors for a single purpose will help them stay sharper longer. Also, when they do need to be sharpened they will not have nicks that must be taken out first.

Martelli has rotary cutters in stock both left and right-handed, as well as, replacement blades. Cutting mats,

rulers, templates, binding tools, clamps, the list goes on.

Bobbin boxes will keep all the bobbins neat and contained in one handy place. A magnetic pin bowl makes keeping those pins off the floor quick and easy. No worries that a pin will end up in a foot. They also have needle changers which will help change the needle making it easier and quicker than ever.

An embroidery hoop stand will make sure the hoops are always where they can be found and will help the hoops to remain in good condition when not in use.

There are also batten racks which hold the batten making it easier to lay on the quilt bed and lightboxes which make it easier to see. For finishing touches, there are quilt labels. All the notions needed or wanted can be found at [www.martellinotions.com](http://www.martellinotions.com).

When it comes to sewing machines, Martelli is a Certified Sales and Service Center for Janome Sewing Machines. They also have a large selection of tables and accessories for Janome sewing machines. That does not mean their tables are only for Janome machines.

Accessories range from foot pedal pads to sewing machine feet including a stitch in the ditch foot, to bobbin boxes, bobbins, and spool holders. A zip binding kit that works well with the stitch in the ditch to give bindings and mitered corners consistent looks every time. In fact, the zip binding kit makes binding a breeze.

Everything needed to stay organized and ready to quilt can be found at Martelli.

Dave Martelli has what he calls Dave's deals to look at, sign up for the newsletter, or make a wish list. Dave's deals are an item that Dave chooses, then demos and offers customers the opportunity to purchase it at a deal price.

Tables come in four-foot and five-foot lengths. Then there are station kits one can purchase, as well, to add more efficiency to the jobs one is doing. A tabletop ironing pad that measures 26x38 will give the user plenty of ironing space while protecting the tabletop.

They also have a long arm sewing machine, it makes quilting easier than one could imagine. This machine is customizable to fit the space up to eleven feet, can be placed next to a wall since there is no need to move behind or around it, and has no supports or structure work underneath.

Martelli has some of the best sewing machines in Pensacola FL. Janome is a top-rated brand and has a machine for everything; from regular sewing to embroidery. Plus, one does not have to be in Pensacola FL, it can be ordered online.

Remember a quilt made with love is destined to become an heirloom and make wonderful presents whether it is a birthday, wedding, or Christmas gifts, the store says.
