Scottsdale Air Heating & Cooling Announces Next Lennox Rebates For Scottsdale, AZ

July 03, 2015

July 03, 2015 -
Scottsdale Air Heating & Cooling, a HVAC company in Tempe, AZ, has announced that Lennox rebates for Scottsdale are once again available. Through this rebate, those who purchase an air conditioning unit through Scottsdale Air Heating & Cooling can receive as much as $1,700 off their purchase.

"We have been providing residents and small businesses in and around Scottsdale and Phoenix Arizona with air conditioning services for over 65 years," says Mike Cross from Scottsdale Air Heating & Cooling. "Anyone who is having issues with their air conditioning and heating systems, whether large or small, are able to contact us to have their issues resolved professionally and on time."

This Scottsdale Air Lennox rebate is be available between June 29 and August 21, 2015. In terms of specials, the business is offering people who require new air conditioning installation the opportunity to purchase the equipment. Financing is offered through Service Finance Company or through Wells Fargo. Customers can apply for financing through the company website, where a link to an online application is made available on the specials page on the Scottsdale Air site.

"We encourage all our customers to visit our website on a routine basis," adds Mike Cross. "Not only can people easily apply for financing through our site, but they can stay up-to-date with the latest HVAC specials and rebates offered by Scottsdale Air. If you're interested in staying up-to-date with our most recent specials and rebate announcements via email, then be sure to sign up for our VIP email list where you'll receive exclusive specials and deals that are not offered to the general public."

This specific Lennox rebate is being offered to enable customers to replace old and aging units that will cost more to repair than to replace. The weather in Arizona is so extreme during the summers that it can be very dangerous to be without working air conditioning. Hopefully this rebate will allow more people to be more comfortable in their own homes and offices.
