December 17, 2018 - PRESSADVANTAGE -

Palmtree Cash Homebuyers, a real estate firm in Ford Lauderdale, FL, has announced that they are ready to offer their services to those who want to sell their house fast. The company is offering to buy houses fast in any condition, with a fair offer that can be closed within seven days. More information about this potential offer can be found at <https://www.PalmtreeCashHomebuyers.com>.

Fitz Thompson from Palmtree Cash Homebuyers says, "There are lots of situations where we can help, including avoiding foreclosure, divorce, relocating, inheriting an unwanted property, owning a vacant house, being behind on payments, having liens, being downsized, inability to sell a house, needing repairs but can't pay for it, having a fire damaged house, bad rental tenants, and more. We buy houses in any condition, as-is, let us take over the burden of that unwanted property."

Fitz Thompson explains that the biggest problem with selling a home through a real estate agent or the homeowner selling the property himself is that retail buyers will usually tie up a home for weeks and may even pull out on the deal at the last minute.

To ensure that the transaction will be fast, Palmtree Cash Homebuyers will make a fair all-cash offer within 24 hours of the homeowner submitting the online form containing the details of the property, and they are ready to close if the homeowner wants to. Even if the house is not in good shape, the company will still make a fair offer and can close in as little as seven days because they only buy houses with cash.

Fitz Thompson says, "We buy houses in South Florida, Florida and all surrounding areas in Florida. If you need to sell your house fast in Florida, connect with us. We'd love to make you a fair no-obligation no-hassle offer. Take it or leave it. You have nothing to lose."

At their new website, <https://palmtreecashhomebuyers.business.site>, they explain that they are ready to help those who want to sell their home as quickly as possible. They will buy homes in any condition, in any area in Palm Beach County and Broward County. They will not be listing the home but will be purchasing the home themselves.

Another option being offered by Palmtree Cash Homebuyers is that they will rent to own the home, and when the home is sold, the seller will not need to pay a commission. In many cases, the homeowner will receive a full price and the monthly payments will be higher than what they are paying monthly mortgage payments, during the term of the lease. Palmtree will even take care of the maintenance of the house and will look for the perfect tenant-buyer. And even if the tenant decides to leave before the end of the lease, the company will find another good family at no extra cost to the homeowner.

Fitz Thompson explains that the process that they follow in order to buy a home fast has four basic steps. First, the home seller tells the company about the property to be sold. Second, the company will review the details that have been provided to ensure that it meets their buying criteria, after which they will contact the home seller to set up an appointment. In step three, the company will present a fair written, no-obligation offer. And finally, the company and the seller will close at a reputable title company, with cash given to the home seller plus having been able to get rid of the property in as little as seven days.

Palmtree Cash Homebuyers has a mission of being a real estate solutions company that is based out of Fort Lauderdale. They are a family owned business and focus on helping homeowners find solutions for their problem whether they're going through a foreclosure, can't sell their property, or just need to sell their house for all kinds of reasons.
