

## **Cali Dreamz Real Estate Says People Should Want To Live In Penryn California**

*January 04, 2019*

January 04, 2019 - PRESSADVANTAGE -

Cali Dreamz Real Estate, based in Placer County, California, wants to say to home buyers that they might want to consider living in Penryn California. This is a suburb of Sacramento, California, and is therefore strategically located to provide the calm and fresh air of a suburb while being conveniently close to the metropolitan area in Sacramento. It has been designated as one of the best places to live in California based on a number of factors including housing, public schools, jobs, whether it is good for families, cost of living, outdoor activities, commute, health and fitness, weather, diversity, nightlife, and crime and safety.

Cali Dreamz Real Estate realtor Jordan Yarbrough says, "Those who are planning to buy a home may want to consider living in Penryn. It is one of the best places to live in California based on a number of factors such as safety and its peaceful atmosphere. It has a small population of less than one thousand and is therefore ideal for people who want to stay away from the crowded cities while still being near to the Sacramento metropolitan area. Plus, it has top rated public schools nearby so parents won't have to worry about finding a good school for their children."

As of the latest census, the population of Penryn was only 895. Homes in the city have a median value of

\$458,200, which is much higher than the national median value of \$184,700. Furthermore, most of the homes are owned, with only 14 percent being rented.

Meanwhile, Jordan Yarbrough points out that people who are interested in homes for sale in Penryn can contact them at Cali Dreamz Real Estate. They have the experience and the knowledge regarding homes in Penryn and neighboring areas. They provide their service by giving people vital information regarding their possible options. For instance, on the real estate firm's website, potential home buyers can make use of the Property Search tab, which allows them to look for their ideal home in Penryn and other nearby places either through a regular search or through a map search.

In the regular search, people can indicate the price, number of bedrooms, number of bathrooms, type of property, and more to narrow down their search. They can also sign up to receive email alerts when homes that fit their specifications become available, giving them the advantage of being among the first few to know about the availability of the said home for sale.

In the map search, people have the benefit of seeing how the homes are located on the map. They only need to indicate the city, address, postal code and MLS ID in the search bar. Furthermore, the Property Search tab also allows searchers to filter homes based on whether they are new construction or open homes.

And for those who are asking realtors to "sell my house fast", Cali Dreamz Real Estate and Jordan Yarbrough are ready to find a buyer for the home. And one way that they are helping people who want to sell their home is that the company website has a Get Home Values tab. Here, people would be able to obtain a good estimate of the current value of their home by entering their details on an online form. In this form, they are asked to indicate the property type, condition of the property, the number of bedrooms, the number of bathrooms, additional rooms or features, approximate size, approximate age of the kitchen, and approximate age of the bathrooms.

Cali Dreamz Real Estate realtors have almost 20 years of experience in the real estate industry. Clients can be sure that they will receive the best possible service and that all of their interests will be taken into account, whether they are there to buy a home or sell their home.

Those who need more information about Penryn as a place to live in or the services available from Cali Dreamz Real Estate can visit their website or contact them through the telephone.
