

Virtual Surge Receives 2018 Best of Baltimore SEO Company Award In Marketing

December 19, 2018

December 19, 2018 - PRESSADVANTAGE -

Baltimore, Maryland based Virtual Surge, LLC has been awarded with the 2018 Best of Baltimore Award in the Marketing Category by the Baltimore Award Program on 29 November 2018.

"We are so delighted that the esteemed panel of judges from the Baltimore Award Program recognized our effort in bringing affordable and quality digital marketing solutions to small, medium and local businesses alike. With this award, we promise to continuously provide excellent and effective marketing services that will create good impact to our community," says Shannon McCraw of Virtual Surge, LLC.

The Baltimore Award Program (BAP) is an annual awards program recognizing the achievements and accomplishments of local businesses throughout the area. Awards are given to those companies that have shown the ability to use their best practices and implemented programs to generate competitive advantages and long-term value to the community. BAP was established to recognize the best of local businesses in the area and works exclusively with local business owners, trade groups, professional associations and other business advertising and marketing groups. The organization's mission is to recognize small to medium businesses' vital contributions to the local as well the national U.S. economy.

Each year, BAP identifies companies that they believe have achieved exceptional marketing success in their local community and business category. They ensure that awardees made a significant impact in making the Baltimore area a great place to live, work and play. These are local companies that enhance the positive image of small businesses through service to their customers and in the community. Numerous sources of information were gathered and analyzed to choose the winners in each category. This year's BAP focused on quality and awardees are determined based on the information gathered both by the BAP and data provided by third parties and consumers.

"We have excellent expertise in online marketing solutions and regarded as one of the most reliable SEO companies. We provide local businesses with SEO/SEO audit, web design as well as social media marketing services. By utilizing our services, our clients are able to attract more traffic to their websites and drive higher sales and profit thus helping the local Baltimore economy to grow," McCraw added.

Virtual Surge, LLC upon receiving the BAP award cemented its position as the Top SEO Company in the Baltimore area. This is in line with the company's numerous positive reviews and recommendations from their previous and current clients.

Robin Patrick, on Facebook said, "Virtual Surge is wonderful. Shannon is a competent professional that communicates well and ensures that she understands our goals. She dives in to the vision and wields her talent to drive the project forward. She is an outstanding partner and I am grateful that she is a part of our team."

"I hired Virtual Surge a few months ago and saw immediate improvements with my Google rankings. Shannon is responsive and provides a personal touch. I am already recommending Virtual Surge to other businesses," says Clara Pattinson, another satisfied client.

Also, Virtual Surge is already expanding its base of clientele to different US states and is now planning on introducing its business worldwide. Their aim is to help small to medium businesses to grow by means of making them more visible on search engines such as Google. This way, local companies will get consumer's attention the same way big businesses do.

Roger Thomas, a business owner from Atlanta said, "It was easy working with Shannon. I was somewhat worried about me being in Atlanta and her in Baltimore, but it worked out perfectly. Shannon was always professional and efficient and her results easily met our expectations. Her communication was also timely and she always kept us up to date with our results. Lastly, I thought her rates were very fair. I plan to continue working with Virtual Surge as we move forward."

More information about Virtual Surge's digital marketing services can be found on their website. It also contains useful tips and guidelines on how internet marketing can help to grow small, medium and local businesses alike.
