Hawthorne, CA based Lea Louise recently released the Lea Louise Deep Foot Exfoliation, a foot exfoliant that helps remove foot odor and calluses, and keep feet soft. The product is currently available exclusively through Amazon.

The Lea Louise Deep Foot Exfoliation is made from 100% safe materials. Guaranteed safe, the product removes foot calluses while keeping feet soft through its aloe vera extract, glycerol, lavender oil, lavender oil essence, malic acid, papain, and lactic acid. The Lea Louise Deep Foot Exfoliation works through the use of "booties," worn over feet to make foot exfoliation convenient. "We want our customers to experience the best exfoliating experience in a convenient manner as much as possible," a Lea Louise representative stated. "We believe that our Deep Foot Exfoliation provides both convenience and satisfaction."

DIY remedies when it comes to personal care have been gaining popularity, and Lea Louise recognized the need for better and more convenient foot exfoliating products in the market. The release of the product currently keeps up with the trend of DIY home beauty remedies available in the market.

The Lea Louise Deep Foot Exfoliation is currently offered with a free professional nail buffer upon purchase. Feedback and positive reviews have been pouring in, as many satisfied customers continue to share their experiences after using the product. Currently, the product has a 4.4 out of 5 rating on the website. One Amazon customer found the product "interesting" and gave the product 5 stars. The customer added:

"Very interesting and incredible great product. This is my first time using the foot peel exfoliant "mask," I was scared at first because my feet after first-time use started to peel off the next 2 days. It didn't hurt though. After the peeling off period, my feet skin feels like a baby."

Lea Louise hopes that the release of Deep Foot Exfoliation will encourage more customers to explore the many benefits of DIY pampering, as the company's product continues to gain popularity in the online marketplace.
