

Sell A House In 7 Days With Real Estate Consultant In Houston Tx

December 31, 2018

December 31, 2018 - PRESSADVANTAGE -

Houston, Texas based AAA Property Buyers is now buying houses in Houston, Texas. This is a "We Buy Houses" company that purchases homes directly from homeowners without the need for real estate agents.

"Many homeowners have told us they dreaded the wait from listing to getting a solid offer. Even before the negotiations have started, they are second guessing whether to lock into one offer or wait and see if a better one is put forward," said Ruth Howard from AAA Property Buyers. "The housing market in Houston has been tough, with some homes sitting on the market for upwards of one year. AAA Property Buyers provides a no strings attached service for home owners to receive a straight-forward, reasonable cash offer for their home," stated Ruth Howard.

Countless home owners are tired of the over complicated way they think they are forced to sell their homes. From finding an agent to the expense of an open house, listing and advertising fees and the big expense of all the commissions.

"We are in the business of buying houses in the Houston, Texas area, giving homeowners cash for their

house within 7 days," assured Ruth Howard. AAA Property Buyers can be found on Google Maps at <https://goo.gl/maps/2BrYWMx3yAQ2>.

Many are pressured into investing in costly repairs or a complete remodel just to sell their home. There is no guarantee that the new look will please even half the people who come and look. Foreclosures are still high, and whilst there are programs to help those going through hard times, homeowners should consider whether getting just a portion of the cash for their home is the right move. AAA Property Buyers will make a no strings offer within 24 hours.

"We know that there are a lot of homeowners that are ready to sell in the Houston area. We offer all our clients a 100% risk free cash offer for their homes and keep it as stress free as possible," stated Ruth Howard. Around 15% of home sales fall through, with few receiving what they expected, having forgotten to include commissions/fees, closing costs, inspections and financing contingencies.

Curb appeal seems to be a key reason that most people don't buy a home, some not even going in to take a look. As a result of this, the homeowner needs to be on hand in case an agent is delayed, having already made sure that the home is neat, clean and organised.

"I need to sell my home ? can you help?, I hear that a lot from stressed out homeowners," said Ruth Howard, "and like every one of our clients, we offer the same no-strings attached service. We will make a reasonable offer within 24 hours and once the offer is accepted, home owners will receive the cash within 7 days.

Homeowners looking to downsize, and others facing a life change simply may not have time to wait for the market to pick up. Neighbourhoods have turned into ghost towns following Harvey, and even now the market recovery is uneven. Listing a house for sale is not the right choice for every situation.

AAA Property Buyers is not affiliated with any realtors or third-party companies. "AA Property Buyers will eliminate the red tape ? our goal is to make the selling process as easy and stress-free as possible for homeowners," reassured Ruth Howard.

AAA Property Buyers offers homeowners an alternative ? a 24 hour turn around with a reasonable cash offer, which if accepted will move forward with a closing dated set up within 7 days. "We are now open Monday through to Friday 24 hours a day to help our clients, just give us a call," stated Ruth Howard.
