

BPI Sports Canada Launches New Keto Weight Loss Product

January 07, 2019

January 07, 2019 - PRESSADVANTAGE -

A nutritional products company based in North Bay, Ontario, has announced that they have launched the Keto Weight Loss product. According to the company, this is the very first ketogenic fat burner and it is designed to boost a person's energy and endurance while enhancing focus. Because of the medium chain triglycerides (MCTs) and beta-hydroxybutyrate (BHB) salts, instead of burning glucose or sugar, the body shifts to burning fat as a source of fuel, while providing sustained energy for enhanced workouts.

John Messenger, a spokesperson for the company, says, "The Keto Weight Loss product does not just offer the benefit of weight loss. You also get to save your muscle mass that you have been building for a long time because the BHB salts prevent your body from burning muscle mass as a source of fuel. Instead, your body burns the fat."

John adds that the Keto Weight Loss product from BPI Sports Canada can also enhance people's mental focus. Through the combination of BHB salts and MCTs with guarana and caffeine, while the body uses the fat for energy, people also enjoy the advantage of increased mental focus while controlling hunger and increasing endurance.

Meanwhile, another product that is offered by BPI Sports Canada in its ketogenic category is the Keto Bomb. This is a ketogenic creamer for coffee and tea. It is targeted towards those who are following a ketogenic diet or even a low-carb diet. Recently, the company announced that they have added four new flavors to the Keto Bomb.

John explains that BPI Sports Canada was established based on the unique understanding that people want to have a better version of themselves. It is for this reason that the company offers products and plans that can help people achieve their goals. The new flavors are the hazelnut, Irish cream, toasted coconut, and pumpkin spice. These are in addition to the previously available flavors of French vanilla latte, caramel macchiato, and mocha.

The Keto Bomb has MCTs and natural sources of essential fats. Thus, it can be used to fuel a person's ketogenic weight loss goals. In addition, the Keto Bomb includes a high-performance combination of electrolytes, which help in maintaining hydration and mineral levels, which is often an issue for people who are following low-carb or ketogenic diets. Residents of British Columbia can now purchase Keto Bomb through Reflex Supplements Prince George and other Reflex locations across the province.

Another such supplement in the ketogenic category is Keto Aminos. As indicated by its name, it contains amino acids. These are peptide-linked essential amino acids. Added to the amino acids are MCTs and BHB salts to help the body burn fat as fuel instead of muscle mass, thus preventing muscle breakdown and speeding up recovery.

Still another ketogenic product from BPI Sports is Best Pre Workout. It is designed to be taken before workouts so that it will help the body in burning fat as fuel while preventing the loss of lean muscle mass while boosting athletic performance. CDP-choline and caffeine anhydrous have also been added to this supplement to increase energy while boosting focus and alertness, which are essential for athletes.

Other categories of products available from BPI Sports Canada are the performance, pre-workout, protein, and weight loss products. Obviously, the performance products are for enhancing the performance of athletes. These include the Best BCAA, 1MR Vortex, Best Aminos Liquid Water Enhancers, Best BCAA Shredded, Best Aminos Strength Series, Best Glutamine, Best BCAA with Energy, Best BCAA Soft Drink Series, Best Creatine Defined, Micronized Creatine, and Best Creatine.

Pre-workout products from BPI Sports Canada include One More Rep, 1MR Vortex, and Best Pre-Workout. Protein products include ISO HD and Whey HD. Weight loss products include Nite Burn, CLA Plus Carnitine, B4, Green Tea + Beetroot + Fiber + MCTs, Garcinia Plus Carnitine, Keto Weight Loss, and CLA + Coconut Oil + Aminos.

Those who need more information about Keto Weight Loss can contact BPI Sports Canada by phone or visit their website.
