

The **Chainey Group**

Missouri State Graduate Opens General Contractor Business In Springfield, Mo

July 08, 2015

July 08, 2015 - PRESSADVANTAGE -

Jody Chainey announces his opening of The Chainey Group in Rogersville, MO. With this new business venture, Jody has proven that you don't have to travel far from home to make it big. After graduating from Missouri State, he headed back home to serve the community as a general contractor Springfield MO with his newly founded family business.

Finishing his first official home remodel in March, 2015, Jody has joined his family at The Chainey Group in an effort to bring quality contractor services to those in Springfield, MO.

"I'm happy to be part of the team, and looking forward to serving my community," says Jody. The Chainey Group provides general contracting services including customer interior design work, electrical, remodeling, handyman services, and furniture redesign. They also offer professional audio and video setup and installation for homes.

Ashton, a resident of Springfield, says "The Chainey Group is great. I've contracted with them a couple of times in the past and will always call on them when I plan a new remodel."

Residents looking for a general contractor Springfield MO can reach out to The Chainey Group, a family-owned and operated business that has been serving the area for many years.

Local communities benefit when residents return home after higher education and begin or continue business services. Jody has always planned to provide services as a general contractor Springfield MO. After his studies, it was only natural that he return to his hometown to offer services to those he has known his entire life. "I couldn't imagine living anywhere else. This place; these people are home to me."

Given the number of homeowners who now feel comfortable enough with the economy to pursue home improvements, Jody's return comes at the right time. Studies show that a wide number of homeowners are opting to have renovations done now that they have put off in the past. They are more comfortable now with how the economy is turning, leaving many construction companies with more business than they have seen in years. "We love to be busy," says Jody. "I couldn't be happier to be home and providing quality contracting services to my community."
