

MathFileFolderGames.com Shares Fun Integer Games For HomeSchooled and Classroom Students

July 11, 2015

July 11, 2015 - PRESSADVANTAGE -

Alberta, Canada's MathFileFolderGames.com is inviting students and math enthusiasts to learn integers in a new and fun way through "Focus on Integers" a fun-filled activity comprised of 26 activities that will help students learn integers quickly and effectively through problem-solving and integer math games. MathFileFolderGames.com is committed to helping students excel by offering effective ways to make learning math fun and easy for beginners and intermediate learners.

"Math is fun! We are consistently looking for ways to make it even more fun for children, toddlers, and teens, and 'Focus on Integers' is just a step," a supervisor from MathFileFolderGames.com said. "Our goal is to make it light yet educational, in this way it'll be easier to learn, especially this summer when kids have all their free time."

"Focus on Integers" is comprised of fun games and activities that feature adding and subtracting integer games, as well as fun integer games that focus on developing the math skills specified for homeschooled 5th to 8th graders. These activities include board games, riddles, card sets, and more. "Focus on Integers" is printable to make learning easy and more convenient. The lessons focus on addition, multiplication, division,

subtraction, problem-solving, and number-guessing.

MathFileFolderGames.com believes that "Focus on Integers" will teach teamwork, cooperation, and collaboration among students and teachers while building important math and social skills. Testimonials on their website are all praises for "Focus on Integers." Tracy Crook is impressed with one of the program's activities called the "Switch." She said: "My kids love Switch! It really helped them with integers. They ask to play!"

"Focus on Integers" is a fun way to help students learn math and develop skills. It comes with a common core mathematical standard that will enable teachers and parents to teach their students in an effective manner. "MathFileFolderGames.com is proud to share 'Focus on Integers' because we believe in its effectiveness. We're happy to spread knowledge through fun!" the MathFileFolderGames.com supervisor stated. The community of homeschooled learners is encouraged to explore the many benefits of learning math in a fun, effective way through "Focus on Integers."
