

Take Advantage Of Telus? Latest Exclusive In Store Offer

March 27, 2019

March 27, 2019 - PRESSADVANTAGE -

Alberta based Telus/Cambridge Electronics Incorporated is pleased to announce that their Fort Saskatchewan outlet is currently offering Telus?s latest smartphone and smartwatch bundle promotion.

?Telus?s exclusive in-store offer can be availed by activating or renewing any Telus smartphone plans on all tiers. As an in-store exclusive, this promotion is only available in corporate stores and participating dealers nationwide. We are inviting residents of Fort Saskatchewan and the surrounding areas to visit our store in Cornerstone mall to check out the latest smartwatch and smartphone offerings from Telus,? says Dan LHeureux from Telus/Cambridge Electronics Incorporated.

As noted on the company?s website, customers must activate, renew or add-a-line on a smartphone and activate a smartwatch at the same time in order to claim the offer. The promotion is available to those who are activating and renewing their Standard, Premium, P+, and Platinum mobile plans. Eligible customers can choose from the iPhone 8 plus Apple Watch, Samsung Galaxy S9 plus Galaxy Watch, Bring Your Own Device (BYOD) plus Apple Watch, or BYOD plus Galaxy Watch, each combination of which contend for the nomination of Telus?s most popular watch and smartphone bundle.

LHeureux also states that the promotion is stackable with any other offers or discounts like AAL. However, he explains that customers adding a watch mid-contract are not eligible for the offer but they can continue to do so at regular pricing on Easy Payment, with \$10 1GB watch plan. He also says that the promotion is only applicable for consumer accounts and is not available on EPP.

?Customers can expect an in-market offer of bonus shareable data depending on their region. They can get up to \$15 bill credit for 24 months (\$360 in savings) with a \$10-1GB watch plan with 4GB of bonus shareable data,? says LHeureux. He also noted that the Apple Watch Series 3 repayment decreases from \$23.75/mo to \$8.75/mo for 24 months, and that the promotion covers the Apple Watch Series 3, Apple Watch Series 4, and Samsung Galaxy Watch. Furthermore, he advises customers to be aware that connection fees will apply for both the watch and smartphone.

Based on Telus promotional materials, the full pricing of their watch and smartphone bundle are listed as follows. For the rest of Canada, the iPhone 8 + Apple Watch Series 3 with 10GB of data cost \$114/month inclusive of a smartphone Premium Plan (\$95/month with ULL & 1+4GB bonus), watch plan (\$10 1+4GB bonus), watch Easy Pay for 24 months (\$23.75 for the 42mm variant), and 24 month bill credit (\$15/month).
