

## **Rae-Matt Properties Launches New Website To Assist University Students Locate Iowa City Apartments That Are Now Leasing For The Fall of 2019**

*January 02, 2019*

January 02, 2019 - PRESSADVANTAGE -

Rae-Matt Properties, a property management company in Iowa City, has launched a new website that is focused toward assisting students who are attending the University of Iowa in the fall of 2019 to find off-campus apartments. Rae-Matt Properties is currently accepting 2019 fall term lease applications for their apartments near campus. Both the early application program and website project is in effort to assist proactive university attendees in securing housing accommodations within the limited Iowa City housing landscape.

With 5 luxury apartment buildings that feature many upscale amenities, multiple floor plans and affordable monthly rates, these units traditionally fill up quickly as students prepare for the fall term. Leasing agents will be accepting 2019 applications during the first months of year. Housing in the Iowa City area is limited and those seeking off-campus apartments are encouraged to begin the application process early.

The launch of the new Rae-Matt Properties website makes it easier for students to find and submit applications for the apartments which they manage. The website, which can be found at [www.RaeMatt.com](http://www.RaeMatt.com),

has been designed to help potential residents locate and select the best apartments for their needs.

Featured on the site are one, 2 and 3 bedroom apartments that are located less than a mile from the University of Iowa campus and are on the Iowa City bus route. Residents of Rae-Matt Properties apartments are able to reach all areas of the city, including downtown within a few minutes.

Each of the luxury apartment buildings listed on the website allows for residents to park their vehicles in the parking spaces which are just a few steps away from the buildings entrance. The 915 Harlocke Street and the 923 Harlocke Street apartments have premium heated underground parking available at no extra charge for building tenants.

All of the Rae-Matt Properties apartment buildings provide convenience for students of the University of Iowa, especially those attending The College of Medicine, The College of Dentistry, The College of Pharmacy and The College of Law.

Monthly rental rates for the Rae-Matt Properties Iowa City apartments can also be found on the new website. Prices vary, depending on the size and location of available units. The value added amenities combined with the convenient location and the competitive prices, make it possible for students attending the University of Iowa to affordably live off-campus while enjoying the privacy and security of limited access secure entry buildings. Some of the many amenities include in the monthly rental rate are: Soft Water, Private Deck or Patio, free Wifi, free Parking, High End Appliances such as Stove, Refrigerator, and Microwave, Garbage Disposal, Dishwasher, and Large Closets.

Residents also enjoy high efficient heating and cooling systems and appliances which help to maintain lower utility cost. Rae-Matt Properties apartments are Smoke Free and do not allow pets.

About Rae-Matt Properties:
