Diaper Clutch Free Shipping Announced by 3 Bees and Me

June 28, 2015

June 28, 2015 - PRESSADVANTAGE -

3 Bees and Me, the company behind the well-received stylish diaper clutch announced earlier today that there was free shipping on the product for buyers of the portable diaper pad at Amazon. All customers with orders over \$35 are entitled to the free shipping. Buyers who are members of Amazon Prime will receive free shipping on all Amazon orders not limited by the \$35 threshold.

"We are very happy to inform everyone that anyone who purchases our diaper kit station with an order totaling to \$35 or more is entitled to get free shipping at Amazon," says Holly James, 3 Bees and Me spokesperson. "We are aware that many buyers get more than one changing pad clutch at a time to give as gifts to families and friends. The free shipping option enables customers to purchase the portable diaper pad and save money on the order."

Ever since the 3 Bees & Me Diaper Clutch Changing Pad hit the market, the company has received good reviews for it. One review is by Nikki D, which says, "The 3 Bees and Me Portable Diaper Changing Pad is a super product. It makes it very convenient not to have to carry a huge diaper bag into every store or place you go in, so you can just pop this in the diaper bag then when entering a location grab the diaper

changing pad station and go. This makes it easier to carry baby and the light versatile changing mat with all the necessities needed to change the baby with ease and in a hygienic safe manner. It has inside pockets for things like diapers, wipes and maybe an extra pacifier.?

The diaper kit has a Chevron-style design which is simple and classy. It has a zippered pocket in front where parents can put their keys and money. Aside from this, it has several compartments that can house baby essentials such as diapers, wipes and small toys. For the changing pad, it is large enough to accommodate even big babies, but foldable too so it does not take too much space. It has a unique wing design to ensure that the baby's hands will not touch dirty surfaces during diaper change. This baby changing bag with pad is very easy to clean and maintain.

3 Bees and Me is pleased to announce the free shipping option for their diaper clutch is available on orders of \$35 or more at Amazon at <http://www.amazon.com/Bees-Me-Changing-Diaper-Clutch/dp/B00OOAM70S/>.
