Stretch Mark Cream Ingredients List Now Posted On Amazon Announces Bella Joi

June 28, 2015

June 28, 2015 - PRESSADVANTAGE -

Earlier today, Bella Joi, the online beauty company, announced that they had posted the ingredients list of their popular Bella Joi Stretch Mark Cream on Amazon. The list includes Cocoa butter, which is just one of the many elements in this stretch mark cream that works to help moisturize and nourish the skin.

"We know how important it is for people today to be aware of what goes on their bodies, particularly pregnant women. We believe that it is important that everyone can see the great ingredients that make our stretch marks cream so effective," says Holly Richards, Bella Joi spokesperson. "As a company, we believe that it is vital to keep our customers informed in all the things that are product related. By doing so, people will be able to see the quality and purity of our stretch mark cream for pregnancy which separates Bella Joi Stretch Mark Cream from its competition."

The lotion was formulated by a naturopathic doctor and made of the best ingredients. Here is a partial list of what the stretch mark removal cream contains and the role each ingredient plays:

Three nourishing butters:

Cocoa Butter helps to improve skin elasticity and promote healthy collagen production.

Shea Butter is an amazing antioxidant that quickly improves dry, damaged skin.

Mango Butter is rich in anti-inflammatory properties

Three Oils

Olive Oil has been noted for its incredible benefits to the skin since ancient times and contains the essential fatty acids that dry skin needs

Jojoba Oil helps the skin heal from damage

Rose Hip Seed Oil helps reduce the redness around stretch marks and make them less visible.

The full list of ingredients of Bella Joi Stretch Mark Cream can be found at <http://amazon.com/Bella-Joi-Stretch-Mark-Cream/dp/B00MSZNAWK/> at Amazon.
