

Parents and Teachers Use Popular Emoji Party Favor Bags By LiveEco For Children's Party Decor

January 08, 2019

January 08, 2019 - PRESSADVANTAGE -

LiveEco has announced that parents and teachers have been using their popular emoji party favor bags for children's party decor. They offer four different styles of the party favor bags for emoji-themed parties for kids. This allows the children to show their own unique personality by choosing their favorite emoji.

Christina Abels, LiveEco spokesperson, says, "We are happy to reveal that parents and teachers have been using our popular emoji party favor bags as party decoration during children's parties. These emoji party decorations do not only provide a fun way to create lasting memories for children, but parents and teachers also have peace of mind, knowing that the bags are constructed from recycled materials, which means the parties are green and they are contributing to the protection of the environment."

By using these LiveEco emoji party favor bags, parents and teachers can also show to kids that they are "cool". This brings the children closer to their parents and teachers, which is something that parents and teachers really need to make them more effective in teaching the children.

The LiveEco emoji party favor bags have received highly positive reviews from Amazon customers. For

instance, one parent said, "Daughter loved these for her "school party" for her birthday. They are so cute and perfect for the kindergartners." Another parent said, "These are bigger than expected. The kids loved them but was hard to fill LOL. Really like the bags."

According to Christina Abels, the 9-inch by 12-inch size means the party bags are quite large and they are such of high quality construction that they can be used for candies and small prizes without fear that they might tear or break. Thus, kids will have no trouble bringing home some of the "loot" from the party. And with the "cool" and brightly colored emoji faces on the party bags, they would be proud to show off these bags to friends and family back home.

Meanwhile, for each purchase, the customer will get 40 yellow gift bags with four different styles. Thus, this is made up of 10 blowing a kiss, 10 laughing with tears of joy, 10 smiling face with heart eyes, and 10 crazy face party bags. These are ideal gift bags for mothers, teachers, and daycare workers to use as rewards and incentives to children.

The party favor bags also have a lifetime "no-rip" guarantee. This is what has made the product listed as "Amazon's Choice", with customers not having to worry that their emoji bags would be ripping or tearing. A bag that tears or rips will cause its contents to be spilled and could negatively affect the kid's mood. Fortunately, parents and teachers have peace of mind that this will not happen.

There are many other things that make these emoji party favor bags desirable for parents and teachers. These include the high-quality printed graphics; the vibrant colors; the premium value for the pack of 40 gift bags; the fact that they are constructed from environment friendly LDPE plastic; the fact that there is no unpleasant plastic smell; the fact that the bag is large and can contain candies, cookies, treats, snacks, toys, and small prizes; the fact that it is made from 10 to 20 percent recycled materials; and the fact that it can be used for kids' birthday parties, baby showers, and other celebrations.

LiveEco is a company that made it its mission to focus on sustainability and giving back. In order to achieve this, each day they focus on having the lowest carbon footprint possible and utilizing manufacturing practices that are sustainable. Currently, these efforts include the use of recyclable metal and plastic in their products, collaborating with Carbonfun.org to ensure carbon-neutral shipping, donating part of their sales to environmental charities like Earth Justice and Rainforest Alliance, and complying with environmental protection laws in their manufacturing facilities.

Those who need more information about the various products, such as birthday party supplies, that are available from LiveEco and their sustainability practices can visit their website or call them by phone.
