

Diditan Custom Home Builders Thousand Oaks Announces Opening Of New Annex

January 09, 2019

January 09, 2019 -
Diditan Custom Home Builders has announced with pride the opening of their new annex location in Thousand Oaks, California. With this new annex, the company expects to serve more homeowners and property owners within the area. They offer construction services for luxury homes, including residential and multi-unit buildings.

Arie Abekasis, founder and owner of Diditan Group, says, ?We are proud to announce the opening of our new annex location in Thousand Oaks. Our job as a custom home builder is to build an exquisite home that makes you proud and, most importantly, makes your dream a reality. Don?t hesitate to call us if you are planning a custom luxury home.?

Arie Abekasis is also proud to point out that they have been receiving highly positive reviews from their customers. For instance, Doron M. said, ?I hired Diditan Group for a comprehensive home remodel. This was a very involved project with complicated permits and architectural challenges. Arie Abekasis and his team handled everything (really, everything!) for us with supreme professionalism, knowledge and integrity. They came up with creative design ideas that not only made our house more beautiful and functional, but also

significantly reduced our overall cost. I simply cannot say enough about the great experience we?ve had with Diditan. I highly highly recommend them.?

Another customer, Sheila B. said, ?Diditan Group is boss! They took our home from drab to fab in record time. They guided us through the process with ease and were very professional, quick and worked efficiently. We are very grateful for the whole process and love how they listened to what we wished for and exceeded our expectation in time budget and effort!?

Aside from being one of the custom home builders in Thousand Oaks residents can now rely on, they also offer other services. These include buy and sell, development and investments, finance, and luxury basements.

Whether the client is focused on buying or selling a property, the best venture, according to Arie Abekasis, starts with the best in the business, which their company strives to be. Their agents and brokers are recruited based on their level of expertise and their unique skills.

Arie Abekasis explains, ?When you buy a house through traditional means, you may be home, but the structure reflects someone else?s dream rather than yours. When you spend your holiday renting a beautiful property that encapsulates your imagination, it will feel like an extension of your being, yet you never truly feel at home because its not yours, nor is it a precise reflection of your soul?s aesthetic identity. The Diditan Group signature resolves this dilemma; our architects, builders, and financiers work together to create that mystique that culminates when a perfect design, build, and financial solution fuse to create a single statement?the home of your dreams.?

Meanwhile, Diditan also offers luxury basements, which are designed to expand people?s lifestyles. For instance, homeowners can have a luxurious playroom, a basement wine cellar, a traditional bar, a cozy laundry room, and a mini theater.

Another important service offered by Diditan is real estate development and investments. With this service, the company offers an innovative force in residential and multi-unit property investments. Special features of this service includes the fact that they are an all-in-one investment resource; the provision of a team of hand-selected industry experts; custom one-of-a-kind designs that remain timeless, and exceptional boutique-style customer care.

Diditan Group is a local company of luxury home builders that provide high ROI projects for residential and multi-unit properties in prime locations throughout the greater Los Angeles area. They have more than 15 years of experience of building custom luxury homes and multi-unit projects. Those who need more information about the various projects Diditan Custom Home Builders can handle visit their website or call

them by phone. Their business hours from Monday to Friday is from 9:00 am to 6:00 pm, and on Saturdays, from 11:00 am to 3:00 pm.
