?Divorce is one of the most stressful and painful events in a person?s life, and trying to sell your property which is also recognized as a stressful event in life, can sometimes be too much for the people concerned,? said Evan Roberts. ?We have identified this sector of the home buying market, and come up with a quick and easy process that resolves the problem with the minimum fuss or friction. Before we specifically focused on the divorce section of the market, we completed a few purchases from customers who found themselves in this situation. They said it made a huge difference and removed a lot of stress. That was when we decided to create a bespoke system for dealing with the purchase of properties involved in a divorce. We aim to ensure a quick home sale, and to expedite the purchase as quickly as possible.?
