

Electrician In Prescott Arizona Announces New Website Launch

January 08, 2019

January 08, 2019 - PRESSADVANTAGE -

Assurance Electrical Services has announced that they are now operating in Prescott, Arizona, as of September, 2018. The company also recently announced that they have launched a new website to help them to get the word out to the community about their services. They state that they are looking forward to serving the people of Prescott in 2019.

Jeff Brandlin, a representative for the company says, "We are thrilled to be offering our full line of electrical services to customers in Prescott and the surrounding areas. We look forward to helping customers with all of their electrical needs."

The company provides electrical services to residential, commercial and industrial customers in the area. Brandlin states that they offer a full line of services including rewiring, panel changes and upgrades, recessed lighting installation, motion and security light installation, wiring of new structures, and other installation, maintenance and repair needs for their customers.

Customers in the area who are interested in learning more about Assurance Electrical in Prescott can visit

them on their official website where a complete list of their services and service areas can be found. Their new website also features an image gallery where interested consumers can see some of their past work and a testimonials section where reviews from past satisfied clients can be read.

?We want our customers to have full disclosure of how we operate,? says Brandlin. ?Our testimonials section includes reviews written to us by our past customers on a number of electrical projects, so customers can get a really good idea of how we work and why they should trust us for all of their electrical needs.?

Brandlin says that the new website was designed to give customers ease of use. He states that it is easy to navigate and offers a wealth of information about the history of the company as well as their services and that the image gallery was added so that customers could see the company in action and see their professional grade project completions.

The company got started in California, serving South Bay in Los Angeles and the Tri City area. Brandlin says that they have recently added services in the Prescott area and hopes that the company will continue to grow and add new locations in the near future. The company was founded in Redondo Beach, California in 2012 and has, for nearly a decade, offered experienced and professional electrical services to individuals and businesses. The company moved to Torrance, California where their headquarters is currently based and provides services in a number of locations throughout California and now Arizona.

Brandlin states that they have nearly two decades of experience in their field and says that they hire only the best talent in the industry, ensuring that each technician is qualified, certified and experienced to provide the highest possible quality of electrical services.

The electrical company began opening their new location in Prescott while still operating in California in late 2018. Brandlin states that they are now ready for business in the Prescott area, specializing in all electrical services. The company is licensed, bonded and insured and states that they offer their customers free estimates for any job, no matter how big or small.

Brandlin states that customers who are interested in learning more can connect with Assurance Electrical on Facebook. He states that their social media pages allow customers to interact with the company on a less formal platform but says that their website is also filled with information and provides a direct contact link to the company, as well. Those who are interested in scheduling an estimate can contact the company directly or reach out to them on their social media pages or using the form on their website. Brandlin states that the company looks forward to providing the Prescott, Arizona region with the same high quality electrical services that they have been giving customers throughout California for the past two decades.
