MBS To Attend The 2019 Prosper Show For Amazon Sellers In Las Vegas

January 04, 2019

January 04, 2019 - PRESSADVANTAGE -

Today ManageByStats announced their plans to attend this year's Prosper show in Las Vegas. Prosper is an annual conference focused on sharing best practice education and providing significant networking opportunities for established Amazon sellers. The show will be held in Las Vegas at the Westgate Hotel, March 17-19, 2019, and is aimed at online sellers seeking to improve their business on Amazon. MBS is a suite of software tools designed specifically for Amazon sellers and business owners.

"Prosper is perhaps one of the most targeted shows for Amazon sellers," says CEO of MBS, Philip Jepsen. "Of all the shows we attend, this one boasts the highest concentration of our customers and potential customers. Everyone at the show is an Amazon seller."

The conference will feature several ex-Amazon leaders and CEOs/General Managers from leading Amazon marketplace solution providers using workshops and seminars to help sellers learn how to build better online businesses. Prosper's focus is to lead with education first, while also providing Amazon sellers with access to dozens of leading solution/service providers in the Amazon ecosystem. ManageByStats is one of those providers. Prosper is ideal for the established Amazon online seller seeking to learn how to build their

business more profitably.

“ManageByStats is the all-in-one solution for sellers running an Amazon business,” says Mister Jepsen. “We provide a wide assortment of tools in a single login, giving Amazon sellers the exact things they need to oversee and expand their sales. We’ll be showing off those tools at Prosper. We’d love to see you there.”

ManageByStats will be at Prosper 2019 in Las Vegas this March, at Booth 145. For more info, please visit the company’s website or contact the company directly. If interested parties have further questions, ManageByStats may be contacted directly by email.
