Someone with at least 5 years of experience in digital marketing and even more experience in general marketing. Our company offers a lot of different services, so, we simply wanted to create lasting partnerships that would allow us to offer tailored and expert service in specific niches. Partnering with Jonathan Loiselle for our clients' digital marketing needs was an obvious solution." To learn more about this partnership, visit Jonathan Loiselle's website: [here](#).

Agence Marketing Montreal is a marketing company with over 15 years of experience in marketing successfully for their clients. They have focused on non-digital platforms, but in recent years have pivoted to

the digital format. They focus on website creation and web marketing in order to bring leads to their clients. Though they have experience with digital marketing, they felt it was necessary to join forces with web marketing expert Jonathan Loiselle in order to offer the best experience and best results to their clients.

Gregg Helks, an Agence Marketing Montreal client and business owner in Montreal, shared this review of the services he received from the company, "I chose Agence Marketing Montreal because they had a lot of experience with branding and websites. I had been in business for over 35 years and the look and feel of my company was starting to seem dated. My competitors were more modernized and I was sure it was starting to impact my sales. Agence Marketing Montreal was able to help me refresh my website, logo, and even the expectations I should set with my customers. Almost right away, I started getting more customers, who were excited to see that a name they were familiar with was "back in business." I thank Agence Marketing Montreal for helping me with this!"

Jonathan Loiselle shared this statement about the partnership with Agence Marketing Montreal, "Ranking on the first page of Google in Montreal today is extremely difficult. Though I am often able to achieve this with my clients, I know that partnering with Agence Marketing Montreal was the right choice. Now, all of our combined clients will have a web marketing team behind the efforts to ensure the best ranking and lead funnel possible. I look forward to working within this partnership for many years to come."

Jonathan Loiselle has been in the marketing industry for over 10 years with 5 years being exclusively in the digital format. His aim is to help his clients not only become visible on the web, but also to rank as high as they can on search engines. This requires a lot of knowledge of what works and what doesn't - and Jonathan has already put years of experimentation behind his personal marketing success formula. Today, his clients enjoy the successes that he brings them. To learn more about Jonathan Loiselle, visit his website: <https://www.pressadvantage.com/organization/jonathan-loiselle>.

Mary Twain, a Montreal business owner, shared this review about Jonathan Loiselle, "I have been working with Jonathan for over 3 years. He explained how ranking works for websites and also demonstrated how crucial visibility was for businesses online. I had a little success with my business before going online, but now I've had to hire 3 new employees to help with the work just from the amount of business that Jonathan has brought me. I look forward to working with Jonathan in the future and continuing to expand my business."
