

## Houston Dental Facility Is Providing Invisalign Services

*January 21, 2019*

January 21, 2019 - PRESSADVANTAGE -

USPARKLE Family & Cosmetic Dentistry, a cosmetic dentist based out of Houston, Texas, are pleased to announce that they are providing invisalign services. Invisalign which can be found at <https://usparkledental.com/invisalign-houston/cost-clear-braces/> is a brand of clear aligners, also known as clear-aligner treatment, which are orthodontic devices that are a transparent, plastic substitute for dental braces.

Dr. Kamila Husain of USPARKLE Family & Cosmetic Dentistry said, "Everyone wants to have a pleasant smile. It's one of the first things people notice about you and goes a long way in making an impression. For some people however, there can be issues where their teeth are malpositioned or otherwise not in a desired shape. Braces used to be the only way to correct these issues but now, we've got clear aligners like Invisalign. At USPARKLE Family & Cosmetic Dentistry, we now provide Invisalign for anyone who requires them, so that they too can have that perfect smile."

Dr. Husain went on to explain that, "Clear aligners are a better alternative to braces. They don't use wires or brackets and, because of that, they are discreet. You can remove them, too, which makes brushing your teeth and general dental hygiene so much easier. It's becoming a popular choice these days for people who need orthodontic treatment and there are more reasons than discretion for it. It's actually been shown that

clear aligners like Invisalign are faster than conventional braces, and that they work better.?

USPARKLE Family & Cosmetic Dentistry provides dental procedures ranging from cosmetic to restorative. In addition to providing Invisalign services, they specialize in a variety of procedures, including but not limited to porcelain veneers, full mouth reconstruction, dental fillings, root canals, and wisdom and other tooth extractions. They use of state-of-the-art techniques and technology, and their concern for patients both during and after treatment coupled with high ethical standards allows them to provide complete care for the community. ?Dentistry is our profession, but people are our focus,? added Dr. Hussain. ?This is the approach that has given us our success, it?s what has brought us our reputation and cemented us in this community.?

Houston Invisalign reviews and other feedback reflect Dr. Husain?s statement. Ben Mastiff, a student in the Houston area and a former patient of Dr. Husain said, ?I practice parkour. Or at least, I try parkour. It doesn?t always go well but last time I had a bad fall and it knocked out one of my teeth. It was a mess and I was in great pain, couldn?t even think, but my aunt had the good sense to take me to the dentist immediately. Dr. Kamila and her team at USPARKLE rushed us in and got to work when they saw me. The process was a bit long and involved, but they pulled it off without any issues. My teeth are back to normal now. I would easily recommend Dr. Kamila and her team at USPARKLE.?

Another client of USPARKLE and Invisalign user Ronald Grint said, ?My teeth have been kind of a mess since I was born. I put off getting them fixed because I was honestly terrified of braces. But I looked into clear aligners and they didn?t feel quite as horrifying. Money?s a bit tight in the family, so after looking into Houston Invisalign financing, I made the decision to commit, and went to USPARKLE to get my Invisalign. They work great! I am still going through the treatment but I can already see and feel the changes. That said, even I can?t see the aligners when I look at myself in the mirror. They are like magic, more or less invisible. My friends didn?t even notice I was wearing them and when I told them, they had to look for it! It will take over a year for the process to complete, and that won?t be the end of it either, according to Dr. Husain but I can?t wait. Easily the best decision of my life.?

Those who require a dental care, such as clear aligners, deep cleaning, and so on, should not hesitate to contact Dr. Kamila Husain and her team at USPARKLE Family & Cosmetic Dentistry. Their website lists further information about their services and methods to get in contact with them.
