

Murrieta Attorney Receives New Positive Review

January 16, 2019

January 16, 2019 -
The Law Offices of Kevin Cortright, a law firm in Murrieta, CA, has announced that they have received recently a new positive review from a client. The client had pointed out that Attorney Kevin Cortright had been very helpful and is ready to fight for the rights of his clients. The Murrieta attorney has indicated that he is very happy to have received such a review and that it means that their passionate efforts have born fruit.

Schaaf P., the satisfied client who gave the five star review, said, ?Mr. Cortright is very helpful, and he is very brilliant. He keeps on track in meetings, and is down for the cause, ready to fight for his clients. He is a great help.?

For more than a decade, Attorney Cortright has been helping clients in workers compensation cases, personal injury claims, and bankruptcy issues. He is able to assist in various types of claims: pedestrian accidents, auto and truck accidents, dog bites, bicycle accidents, bankruptcy, and workers compensation claims.

For those with personal injury claims, the firm can help with actual damages, punitive damages, and compensation for loss of future earnings. Personal injury claims are relevant for bicycle accidents, car accidents, dog bites, and pedestrian accidents. Actual damages include all of the expenses incurred by the

victim due to the incident, such as medical bills, vehicle or property damage, ambulance transportation, legal expenses, and lost work time. Punitive damages are awarded by the court to the victim as a way to compensate for the victim?s emotional stress, suffering, and pain. Compensation for loss of future earnings would be provided if the victim is unable to work long term or permanently.

For people who have been injured at work, Attorney Kevin Cortright advises them to get the help of an experienced workers compensation attorney. This would be true even if the employer appears to be playing fair or the injuries are minor. People have to protect their rights in the event that something goes wrong with their claim or their health later on. The attorney points out that it is hard to predict whether the victim will require additional medical treatment later on, or physical therapy, or to be trained for a different job.

Another practice area that Attorney Kevin Cortright focuses on is bankruptcy law. Their help is vital for those are struggling with debt and are thinking of filing for a Chapter 7 or Chapter 13 bankruptcy. With the filing of bankruptcy, people will no longer have to worry about the threat of wage garnishments, creditor phone calls, care repossessions, bank levies, lawsuits, home foreclosures, and IRS issues.

Choosing an attorney is a difficult task. One way to make this task easier is to read reviews and testimonials, like the one mentioned earlier. In another review on the firm?s Google Maps page, Anthony B. also gave the firm five stars and said, ?My wife and I were injured in a motor vehicle accident and decided to hire the Law Offices of Kevin Cortright.... Kevin and Cyndi are both very easy to communicate with, were very patient and understanding of our needs, and were incredibly honest negatiators as it came time to settle the case. My wife and I truly appreciate all they did for our family and our case. Thank you.?

Kevin Cortright has considerable experience in fighting for the rights of clients. So far, he has had thousands of successful case results. His education background includes an Associate of Arts degree from Fullerton College and a Bachelor of Arts degree from the University of Phoenix. He received his Juris Doctorate at the University of Lav Verne College of Law. He established his law firm in Murrieta within Riverside County, California, right after getting his Juris Doctorate in 2005. Since then, he has developed a reputation as an attorney who listens carefully to the stories of his clients.

Those who want to schedule a free consultation with the Murrieta Law Offices of Kevin Cortright can visit their website, their Google Maps page, or call them by phone.
