January 14, 2019

Baltimore, Maryland - January 14, 2019 - PRESSADVANTAGE -

Baltimore, MD ? Everyone dreads the morning routine of getting ready for work. The alarm sounds; a shower and some coffee awaken the senses; the clothes are chosen and ironed; and all of these monotonous tasks are begrudgingly accomplished to get to a job that most people are not thrilled to attend. Many Baltimore residents have begun turning to real estate as their ticket out of the daily grind.

In a perfect world, rental properties can provide investors with a steady source of income. But as most Baltimore investors know quite well, in reality, rental properties often end up providing a steady source of headaches and stress. From tenants who do not pay their rent on time, to dealing with the many repairs that come up in the rental properties, it can be challenging for people who are interested in real estate investing to achieve their goals of a good-sized portfolio.

It is not uncommon for Baltimore investors to purchase a rental property with grand intentions, only to learn that the investment was not a good fit for them. At this point they are in a difficult position. They probably have tenants in the home and these tenants may be behind on rent or in the middle of an eviction. Wear and tear has been conducted on the property and the owner would need to conduct expensive repairs to make it

attractive to a homeowner. In this situation, listing with a real estate agent could be a bad fit and cost them thousands of dollars on their sale.

To provide an alternative to these tired landlords, Dependable Homebuyers would like to announce their new home buying solution that purchases homes directly from Baltimore landlords. No repairs are necessary and they will even purchase the property with tenants in place.
