

Infinit Eyelash Extension Cleanser Receives Glowing Customer Reviews On Amazon

January 16, 2019

January 16, 2019 - PRESSADVANTAGE -

Del Mar, California based Infinit Lash Products is pleased to announce that their newest Infinit Clean product line has been receiving a number of five-star reviews and positive recommendations online.

One satisfied Infinit Clean user said in an Amazon review that, "Infinit Clean is by far the best eyelash cleanser/eye makeup remover that I have ever used. It gently removes my eye makeup without disturbing my lash extensions. It leaves no trace of eyeliner, which I usually find very difficult to remove, and my eyelash extensions stay 100% intact. I also love that it comes with a little cleansing brush because it makes the overall cleaning process a lot easier. I am impressed with the product and I will definitely buy more in the future. If you have eyelash extensions and are looking for a safe and gentle eyelash cleanser/eye makeup remover, look no further than Infinit Clean."

According to Tasha Land of Infinit Lash Products, the use of proper eyelash extension cleanser is essential for promoting healthy lash lines by preventing eye conditions that are primarily caused by product buildup. "Infinit Clean gently rinses away makeup, dirt, and oil without weakening the bond strength of the eyelash extension adhesive. Furthermore, its gentle yet effective formulation is 100% guaranteed to inhibit bacterial

growth as well," she said.

Land explained that their Infinit Clean eyelash cleanser does not contain any active alcohol-based ingredients that would irritate the sensitive parts of the eye and the mucous membranes. In addition to being lightweight, gentle, and oil free, it also gently removes eye makeup and debris, without compromising the eyelash extension adhesive bond. Moreover, it is dermatologically tested and even comes with an easy-to-use foam pump and a dedicated cleaning brush.

Other features and benefits of Infinit Clean include elongating the lifespan of the eyelash extension, and being free from harmful substances such as parabens, ethylene oxide, polyquaternium, trimethylglycine, and artificial color. Meanwhile, it is made from gentle and safe ingredients, such as distilled water, decyl glucoside, sodium cocoyl glutamate, sodium lauryl glucose carboxylate, lauryl glucoside, citric acid, and more.

"We are committed to providing safe and easy-to-use eyelash extension care and cleaning solutions to both professionals and enthusiasts alike," asserts Land. "Firstly, Infinit Clean can be used by salon professionals to prep their client's natural eyelashes, prior to applying lash extensions, to achieve a better adhesive bond and longer retention. Additionally, home users can incorporate Infinit Clean into their daily beauty routine by using it as an eyelash shampoo to maintain long-lasting lash extension and promote their overall eye health and hygiene.

Those looking for an all-in-one solution for their eyelash extension needs may consider Infinit Lash Products. They offer a full range of eyelash extension-related products, including eyelash extension glue and adhesive, eye makeup cleaner and cleanser, as well as extension trays and other accessories. Infinit Lash Products also takes pride in receiving an abundance of five-star reviews and positive feedback online.

"I've always struggled to find the right product to properly clean my eyelashes. I decided to give Infinit Clean a try and I definitely feel the gentleness of the solution in cleaning my lash extension and removing my eye makeup. It also doesn't disturb the lash extension as it cleans. I highly recommend this product for anyone who is looking for a great way to keep their lashes long-lasting, fresh, and clean," said another satisfied user on Amazon.

Infinit Clean is used by applying one pump of the solution onto the provided cleansing brush and, with closed eyes (one eye at a time), gently brushing the product through the user's (or their client's) lashes and wiping the eyelid until all makeup, dirt, oil, and debris are cleansed away. The lashes and eyelid should then be rinsed with clean water before this entire process is repeated on the other eye.

More information about Infinit Lash full range of eyelash extension glue, cleansers, and solutions can be

found on their website. The company also offers 100% money back guarantee to their customers within 30 days of product purchase. Interested parties may also connect with them through their official social media pages on Facebook and Twitter keep in touch with their latest news and important announcements.
