Frux Home and Yard is a well-known company that provides top quality hosting and cooking supplies. Recently they were featured in an article titled Top 3 Picks of Pot Holders and Oven Mitts to Keep Your Hands Safe From Burns.

The article features three different oven mitts that are suitable for high temperatures as well as the brands that sell them. Frux Home and Yards Sili-Mitts silicone oven mitts are listed as number 1 due to their FDA approval and high level of protection they offer.

The writer states that "This pair of oven mitts is 100% made of FDA approved silicone. It's BPA free, and 100% safe for you and your family. Sili-Mitts are heat resistant up to 482 F / 250 C so you can make sure you are 100% protected."

Inside the glove is made with a cotton and polyester blend which provides added comfort and safety, whereas the outer layer is formed entirely out of silicone. The outer layer is waterproof to protect from steam and boiling water. To clean them, the user washes them with warm water and soap then hangs them to dry.

until next use.

Many of Frux Home and Yard reviews state that the potholders wash well in the washing machine as well. The oven mitts are available in black, grey, baby blue, and deep red and can be purchased for \$20.97.

Frux Home and Yard takes safety very seriously and was honored to be featured in the article, as stated by Kyla Lytwynec, operations manager for Frux Home and Yard. "Safety was and has always been our number one priority with the silicone oven mitts. We are truly honored to be featured in the article, and we hope that it helps to spread the word about the importance of using proper protection when dealing with hot surfaces."

Some of Frux Home and Yards customers have reported in Amazon.com reviews purchasing multiple sets of oven mitts for themselves and as gifts. To learn more about Frux Home and Yard and the products they offer, readers can visit their website or Amazon.com where the Sili-Mitts are available with free shipping.
