

Consumers Can Now Research Houses For Sale In Penryn CA At Cali Dreams Real Estate

January 30, 2019

January 30, 2019 - PRESSADVANTAGE -

Cali Dreamz Real Estate, based in Rocklin, California has announced that consumers who are interested in purchasing a home in the area can now research houses for sale in Penryn CA. The real estate agency says that they have resources available that will enable consumers to see the current market trends in Penryn and find exclusive property listings for homes that are currently for sale in that area.

Jordan Yarbrough, broker with the real estate firm says, "Penryn is a beautiful area with a lot of history. This is a sparsely populated area that has beautiful scenery, mild winters and is centrally located to many of the wonderful things that larger California cities have to offer. It is the perfect place to raise a family or retire, for those who love the peace of quiet of the country but still want to be near the hustle and bustle of the city."

Penryn is located just under six miles from Rocklin, California at the base of the Sierra Nevada. Yarbrough states that the real estate agency currently has a list of different homes for sale in Penryn CA to meet all needs. He says that there are houses with one, two, three or more bedrooms available and that the agency can help consumers to find the perfect home to meet their needs, whether they want something small and intimate or need room for a growing family.

He states that Penryn offers the best of both worlds, giving those who want rural living the small-knit community that they want while being close enough to larger cities. Those who want to visit a metropolis for shopping, dining or recreation will find it a short drive from Penryn but Yarbrough states that it is far enough away from bigger cities that those who crave the country life will be more than happy in the area.

Jordan Yarbrough has more than 17 years of experience in helping home buyers to find and purchase the homes of their dreams. He states that those who are looking to relocate to Penryn can contact the agency and find lists of homes that are currently available. He says that in addition, the real estate firm can help buyers with resources such as market trends in the area, cost of living and other factors that may need to be considered when purchasing.

?We want our clients to be completely satisfied with their home purchase, so we do more than just show them listings,? says Yarbrough. ?We help clients to learn more about the area, what is available with regards to schools and amenities and we help them to find a home that meets their space, location and budgeting needs.?

Yarbrough states that there are currently several home listings in Penryn California but states that because the community is such a desired place to live, those who are considering buying in the area should act quickly. He states that those who are looking to purchase in Penryn should contact the agency to get a look at the current listings or to learn more about purchasing in the area.

Yarbrough specializes in home listings but states that he can also provide resources for relocation and mortgage assistance for those who need it. He states that Penryn, California is one of the most desired regions to live for families and states that there are homes to meet virtually every need. Those who are interested in learning more about the available listings in the Penryn area can contact Yarbrough and his team at Cali Dreamz Real Estate by visiting them on their official website or by calling them directly. Yarbrough states that the agency can help consumers to research the area and learn more about the amenities that are available, as well as market research that will help consumers to compare the prices of homes that are currently available and find the one that best fits their needs.
