

## **The Law Firm of Steven F. Bliss Esq. to Receive Coveted Top San Diego Probate Attorney Award**

*January 17, 2019*

January 17, 2019 - PRESSADVANTAGE -

Super San Diego Probate Attorneys recently announced this year's recipient of their top San Diego probate attorney award. It's an award that is given out annually to a law firm that works hard on a consistent basis to help their clients achieve success when it comes to matters dealing with probate law. The recipient of their 2019 award this year went to the Law Firm of Steven F. Bliss Esq.

In order to be eligible for the award, the winner must be a law firm that handles their probate matters within San Diego and Riverside Counties. The size of the firm and the number of probate cases they handle yearly is not factored into the award. What's important for the recipient of the award is that they demonstrate a high level of client satisfaction in the probate cases that they handle. They also have to be a local law firm that enhances the positive image of small law firms through the exceptional probate services that they offer to their customers.

Super San Diego Probate Attorneys uses various sources of information to help declare a winner each year. These include such sources of information as those gathered internally by the awards committee and they also consider pertinent data provided by additional third-party sources.

Scarlett Patterson, the spokesperson for Super San Diego Probate Attorneys, elaborated more on exactly what probate is. She said, "Many people are a little scared by the sound of the word "probate" or are unfamiliar with this legal term. Probate, in this case, is actually a good term. A probate court in the state of California is one that carefully oversees the affairs of what are known as "legally incompetent parties". These are deemed to be deceased persons, disabled persons or incapacitated persons. A probate court protects these types of individuals and any assets they have accumulated in their lifetimes. For deceased persons, probate is simply the court-supervised process of administering their estate. This is usually done according to a deceased person's will."

During the award year, the law firm of Steven F. Bliss Esq. was deemed to excel in several different areas of probate law that they assist their clients with. These included such probate matters as irrevocable trusts, revocable trusts, testamentary trusts, and charitable trusts. Also factored in was how they handle their estate planning matters and trust administration duties. Throughout the year this 27-year-old law firm was said to consistently provide high-quality advice and services to those whose probate matters they looked after.

A representative of the Law Firm of Steven F. Bliss Esq. had this to say about being named the top probate attorney San Diego has to offer. They said, "As with all different types of law, legal matters dealing with probate law can sometimes be difficult and frustrating to get done successfully. It takes a lot of hard work behind the scenes by a group of dedicated legal professionals working together to be consistently successful at litigating probate matters. The long hours of work and dedication are very seldom rewarded with the recognition they deserve. An award like this means a lot to us. That's because it acknowledges the effort and dedication our law firm's probate legal team consistently put forth throughout the entire year. All of us here are proud to be crowned the highest rated probate law firm in San Diego and Riverside County for the 2019 year."

The company that gives out this award each year feels it's their duty to inspire the local probate attorneys in the area to dedicate themselves to their legal craft. That's the very reason they created the Super San Diego Probate Attorneys website. Their website only includes information on the top-ranked probate attorneys in San Diego and Riverside County. By providing this information to potential probate clients, it will help direct them to the area probate attorneys that can best serve their individual probate needs. Their top San Diego probate attorney award has been given out for several years running now and they plan on awarding it to another outstanding probate legal firm next year too.
