January 24, 2019 - PRESSADVANTAGE -

Vietnam based HNAEdu, a culinary school that specializes in local and international cuisines, is pleased to announce that they now have nearly 20 branches in major cities in Vietnam, including Ho Chi Minh, Hanoi, Da Nang, Nha Trang, Can Tho, Kiên Giang, ??k L?k, ??ng Nai, Bình D??ng, and H?i An.

?HNAEdu is a culinary center that was established in May 2011. Now, we are proud to announce that we have nearly 20 cooking schools and culinary institutions in Vietnam, and have produced more than 600 professional chef training courses and specialized cooking classes,? said Nguy?n V?n L?p from HNAEdu School.

As noted on their website, HNAEdu offers a number of training programs on local and international cuisines, including Vietnamese, Asian, European, Japanese, Korean, and vegetarian specialties as well. Their professional chef training program typically lasts between three to six months, but they also offer short crash courses to those who have to account for time constraints. In addition to this, they also have connections to a number of well known restaurants and hotels in Vietnam, where most of their students get hired after doing their internships.

Our specialized culinary curriculum is divided into three levels: namely basic, advanced, and expert. While most of our professional chef training programs take place between three to six months, we also offer short-term cooking classes that only last between one to three sessions, V?n L?p said. He added that their modern facilities are designed to simulate the actual kitchens in 5-star hotels and restaurants to provide a real-life approach to learning, ensuring that their students will be able to integrate into a practical working environment after they graduate.

Furthermore, after completing their courses, graduates will be granted a nationally recognized certificate from Vietnam's General Department of Vocational Education. The certificate will be your valuable ticket to landing a good job, getting a faster promotion, and receiving an attractive salary package, V?n L?p added.

He also said that besides Vietnam, a number of countries in Asia, Europe, and the United States also see a huge demand for the recruitment of highly skilled kitchen workers, such as professional kitchen assistants, cooks, and chefs. Kitchen experts can also earn thousands of dollars per month by working in high-end restaurants on luxury cruise ships. Furthermore, running a local restaurant can also be a profitable venture, especially in a popular tourist destination like Vietnam.

Those looking for an established cooking school in Vietnam may consider HNAEdu. Their professional culinary experts and instructors are the likes of Nguy?n V?n L?p, 2013 Vietnamese Iron Chef; Do Xuan Trinh, Chef of the Grand Palace Wedding Conference Center; Ta Dinh Nhut, Chef of Vingroup; Tran Phan Hung, Chef of Restaurant Terrace; Nguyen Thi Pien, Culinary Artisan; and Dang Dinh Thiet, Chef of Southern Entertainment Joint Stock Company.

They are also considered one of the top culinary institutions in the country, based on positive reviews and recommendations they receive online.

Those who are passionate about cooking can truly benefit from HNAedu, said Lê Chí Thanh on the culinary school's Facebook page at <https://www.facebook.com/Truong.HNAEdu>. Their chefs and instructors are meticulous, and ensure that their students absorb all the proper knowledge and techniques they will need when cooking. Furthermore, they are also very dedicated in teaching us the work ethics of a true professional chef. Highly recommended.

Nguy?n Châu, in a Google review, said, I enrolled in one of HNAEdu's courses and I learned a lot from their professional chefs and cooking experts. They also have modern and state-of-the-art facilities and I truly appreciated the quality of training that I received from them.
