Los Angeles, CA ? Small Businesses can now try ClickFunnels for free with a 14-day trial offer. For two weeks those who sign up are able to try out every aspect of the landing page builder that is blowing up on the internet. This funnel builder is great for membership sites, business website or landing pages, shopping cart pages, squeeze page funnels, automated webinar funnels, product launch funnels, sales funnels, and many more uses.

ClickFunnels is a web-based software that gives small businesses and marketing professionals the ease of creating marketing funnels in just a few simple clicks. With guidelines, preset templates, and example copy text, small businesses can be on their way to a great online marketing campaign within a matter of minutes.

This software is a much more cost-effective way of creating marketing campaigns, and small business owners that subscribe will be able to throw out their line up of a full marketing team. The platform offers everything that one needs to market, sell and deliver services or products online without having any technical

expertise.

For two weeks those that create an account will be able to create marketing and sales funnels for free from the ground up incorporating key elements needed for a functioning and successful campaign. Those interested in more information can follow this link to watch a demo video before signing up for their free account with no commitment to buy and start to build sales funnels today.
