

EcoElectronix Announces Two-Day Prime Shipping Available on Their EX-20 Electric Pencil Sharpener

February 02, 2019

February 02, 2019 - PRESSADVANTAGE -

EcoElectronix is a family owned business that manufactures and sells high-quality home and office supplies at affordable prices on Amazon.com. Their top selling product, the EX-20 electric sharpener is rated Amazon's best and can now be purchased with free two-day shipping.

An EcoElectronix employee comments on the shipping options available. "We do our best to provide affordable products, and we understand that sometimes shipping can be expensive. This is why we are offering free two-day Prime shipping. All Amazon Prime members can receive their EX-20 within two days and at no additional costs."

The EX-20 electric pencil sharpener is a popular purchase for classrooms, workstations, and desks as it includes three different power options. Users can operate the EX-20 with batteries, the included adapter, or even with a USB, this allows for easy access on the go and in areas without outlets. The electric pencil sharpener has an innovative Safesharp safety function that prevents the pencil sharpener from being used if any part of the assembly is missing. The safety feature allows the pencil sharpener to be a vital part of any classroom, even ones that may have young children.

For both regular and colored pencils, the EX-20 works well according to an EcoElectronix customer who wrote an Amazon review. ?Does a perfect job of sharpening both standard and color pencils. Easy for young grandkids to use. Well made and relatively quiet. Lifetime warranty is certainly a plus - look forward to many years of use.?

Another function of the EX-20 is its built-in sensor that detects when the pencil is fully sharpened, this prevents over-sharpening and soft lead breaking off which helps pencils last and reduce waste. Customers have reported using the battery powered pencil sharpener for many occasions. Most recently a 5-star review was left by Rogan, whose daughter used it for her homework. ?Works good for our daughter doing homework. Small and compact with the option to be plugged in or run off batteries. Works well both ways.?

The electric pencil sharpener is available for \$22.73 and includes a lifetime warranty if for some reason the pencil sharpener is defective, breaks, or needs replacing, EcoElectronix will replace it hassle free.
