

Emoji Party Bags Make Parties Unforgettable

February 05, 2019

February 05, 2019 - PRESSADVANTAGE -

Santa Barbara, CA based LiveEco, a leading Amazon seller of eco-friendly products for everyday life, has announced that they will no longer be selling the popular emoji beach ball party favors. Instead, they will now supply both kids birthday favor bags and emoji erasers going forward. "We want kids to express their unique personality by choosing their favorite emoji and taking it home with them," said Christina Abels of LiveEco.

LiveEco is committed to helping the environment, and they work closely with CarbonFun to achieve carbon-neutral shipping for their emoji party favor bags and other products. They innovate and create long-lasting, premium quality products that are eco-friendly and effective. Every purchase has a positive impact. LiveEco's Party favor bags are great for virtually any celebration—whether a birthday party, classroom treat or reward, carnival, or a goodie and candy grab bag.

LiveEco's party favor bag is a large 9" x 12" size of high quality construction, which makes these goodie bags ideal for candy and small prizes to fit snugly without tearing or having the handles snap. Vibrant colors are used in the beautifully printed graphics with four different emoji designs available. A durable "non-rip" construction, made with 10-20% recycled materials during manufacturing, and a thick environment-friendly LDPE plastic make LiveEco's party favor bag a great choice for everyone.

LiveEco also donate a portion of every sale to environmental charities, including Rainforest Alliance and Earth Justice. They are committed to providing consumers with the highest quality products, while being socially responsible and environmentally friendly.

For those organizing a party, trying to come with party bag ideas can be difficult, particularly if they are on a tight budget, or are short of time and there is no room to make mistakes. Fortunately, LiveEco is up to the challenge, as proven with their 4.5 Star review average with 192 Amazon Reviewers, who noted that the bags are great for Halloween and even for backpacking. Sara Right gave this 5-Star review recently: "There was nothing I did not like about the erasers, and my students loved them. Everyone wants to know where I got them from. Awesome!!!"

Anyone looking to host an epic birthday party, play carnival games for a neighborhood bash, or incentivize good behavior in a classroom, will find tons of ways to enjoy LiveEco's emoji gift bags for kids. "Children love to look at the brightly-colored emoji faces and imitate them, and for those giving the reward, they can enjoy those happy faces too!" said Abels. Of course, kids also love to take home a personal slice of the party with their fun emoji decorating their party favor bags.

LiveEco also manufactures cool erasers as party favors to put in those party favor bags. LiveEco's emoji erasers are great for stocking stuffers during the holidays, rewards throughout the year, teacher incentives, classroom supplies, and even as small gifts on Valentine's day for those that prefer not to rely on the expected tradition of gift cards (which generally go into the bin).

LiveEco Emoji Erasers are an affordable, fun, and effective reward for children of all ages. "When kids drag their feet with chores and homework, one of the best motivators for good behavior is using incentives and rewards. We think our Emoji erasers are perfect," said Abels. Whether at home or at school, these emoji erasers work as powerful prizes for kids.

For Parents looking to stock up on school supplies, LiveEco's Emoji Erasers are perfect. The bulk pack of erasers is enough to give a child a new eraser on almost every school day for a year. When kids are excited to learn and are having fun, it makes lessons much more memorable. With LiveEco's emoji-faced school supplies, kids won't fear making mistakes, because they can simply erase it and start over using their cool emoji erasers. Getting the right materials for school will help any child keep a positive attitude throughout their classes, and hopefully help them receive better grades.

Those looking for more information may contact Christina Abels of LiveEco. Alternatively, they may visit the company's website or Amazon pages to peruse their products and obtain more contact information. LiveEco may also be found on their social media platforms, where followers may stay up to date with their latest news and announcements.
