

Anaheim California Plastics Company Announces Experience Anniversary

February 04, 2019

February 04, 2019 - PRESSADVANTAGE -

Industrial Plastic Supply, Inc. in Anaheim, California has announced a company milestone. The plastic sheet and rod experts are celebrating their 44th year in business.

Hayden Hess, a representative for the company says, "As a performance plastic sheet and rod supplier, we stock more mechanical and engineering plastic sheet and rod materials than any other in the region. We are proud to have been serving our customers for more than 40 years, and we look forward to providing the same quality service for the next 40 years."

The company was founded in 1975 and are currently one of the largest and most experienced companies in the industry in the world. They state that their customer service team has a combined 260 plus years of experience in the industry, as well, and state that their employees are among the most experienced in the industry to ensure that each customer receives the same professional assistance with all of their plastics needs. Hess states that those who are in need of plastics supplies but perhaps are unsure of their exact needs can ask a plastic expert in the company for assistance. Hess states that they are always happy to assist any customer on any project, big or small.

?Our average experienced employee has at least 20 years of experience,? says Hess. ?That means that our sales team can answer even the toughest question quickly and accurately. We are here to help, no matter the need. Our goal is to help our customers to solve their plastics issues and solve them correctly. We are always here for customers through phone, email or direct visit.?

Hess says that the company always welcomes those in need of plastics supplies to visit their main warehouse, which is located in Anaheim. The company states that while they are a local company, they have a national reach and work with customers all over the nation.

Hess says that it is this dedication to customer satisfaction that has kept the company going for more than four decades. The company states that they always go out of their way to ensure that their customers are more than satisfied, and that they will continue to provide this same high level of personal assistance for their customers in the future.

The company states that their huge inventory allows them to process and ship most orders for their customers on the same day, or the next day in some cases. They have a large inventory of plastic sheet and other products that are ready to be sent out as needed. The company provides plastics for a wide range of industries including food processing, medical fields, aerospace, mechanical and many others. They state that they have the size and the variety of plastic to suit any and all plastic needs for customers around the nation, no matter their project scope or their specific industry.

Hess states that the company can certify to most needed certifications for plastic materials. Customers in need of certification simply have to alert the company to their requirements when they are placing their orders. The company says that they distribute plastics from a number of manufacturers, all of which are NAFTA approved and compliant. Hess stresses that none of their products are shipped from overseas and says that they only offer products that have been manufactured in the United States.

Those who are interested or in need of plastic materials can contact the company for assistance from one of their expert staff members. Hess states that materials can be shipped to the customer, or those in the Anaheim area can visit them in person to pick up their products. The company urges those with questions to contact them either by phone or through email and states that they are always happy to answer those questions and to help their customers to ensure that they get the perfect plastic materials for their projects.
