

Software Engineering Firm MetzOhanian Rebrands as Solution Machine

February 15, 2019

February 15, 2019 - PRESSADVANTAGE -

Austin-Based Software Solutions Business Renames and Rebrands While Continuing to Support Their Core Mission.

Austin, TX - (February 15, 2019) Founded in 2011, and on a mission to help company?s code through complex business problems, MetzOhanian has renamed to Solution Machine. On top of the new name, the company recently launched a rebrand with a new logo and website. Solution Machine has completed more than 63 software development projects, at over \$2.4 million in billings. Past and active clients include Viasat, Texas REALTORS®, iFLY, Florida Power and Light, and the Ecuadorian Government.

Solution Machine works across industries to supply premiere custom software solutions. ?We don't just blindly write code to spec, and believe that the new name reflects our commitment to helping clients figure out complex problems,? says Partner & President of Solution Machine Chad Porter. ?We use our experience to provide clients with the best advice, value, and product possible. Every member on our team is

an experienced pro, and we strive to be a valuable partner that assists in making impactful changes to their business.?
