

Country Hills Storage Has Added Small Business Storage to Their Growing Facilities

February 21, 2019

February 21, 2019 - PRESSADVANTAGE -

Country Hills Storage is announcing its expansion to its facility. A well-known storage unit has launched a self-storage business facilities comprising of real estate, personal property, cargo containers etc. It caters to people and businesses who want to store household stuff, inventories, archived records or small businesses inventory.

These storage units are spaces available on lease to people who want to store household stuff, archived records, inventories, small businesses and these storage units remain under the tenant's security.

Country Hills Storage expansion features such as commercial units for storage that are 2,000 square feet to 7,000 square feet per unit. They have employees that are onsite that are courteous and pleasant, provide the best services and security and are on call 24 hours a day. Country Hills Storage, offers moving trucks for free to transport belongings in the safe and secure units.

Country Hills Storage provides different storage unit sizes as per the requirement of the customers. It not only

provides the storage facilities but also ensures security, doors with computerized codes and with CCTV services for 24X7 surveillance. These storage units for rent have proven to be the most convenient source to guarantee safety about one's goods with peace of mind. They never fail to satisfy the customer's needs.

Country Hills Storage expansion of the facilities also includes, like renting of vans for moving, material packaging, and goods shipment, transportation of goods, insurance, and container storage. These services come along with the basic storage deals and at a very reasonable price also.

The head of Country Hills Storage says, "Storage units for rent are for the tenants and only they have accessibility to the premises. The company gains possession only when you default on paying the rent for storage. The best thing about these services is that no one can get accessibility to your stored items without your permission. Self-storage, in fact, is good if it is on the basis of the short term."
